

Curriculum Improvement Cycle (CIC)

Curriculum Improvement Cycle (CIC)

Work has started to review the Scottish Curriculum. This review is called the Curriculum Improvement Cycle (CIC). This review will ensure that the Scottish Curriculum remains up to date and continues to prepare children and young people for a future world.

The CIC came about after the recommendations from the 2021 Organisation for Economic Cooperation and Development (OECD) Review of Scottish Education. Many strengths of Curriculum for Excellence (CfE) were noted in this review. The OECD review also highlighted 12 suggestions that would enable the curriculum to continue to be relevant into the future. One of the recommendations is to establish a system of regular curriculum review within a planned time frame.

The OECD review also highlighted 12 suggestions that would enable the curriculum to continue to be relevant into the future. One of the recommendations is to establish a system of regular curriculum review within a planned time frame.

The Technical Framework

As part of the review, the 'technical framework,' which includes Experiences and Outcomes, Benchmarks and approaches to assessment and moderation processes, will be reviewed to ensure it is still relevant for Scotland's learners and is fit for purpose.

Proposed Timeline

December 2024 to January 2025
Numeracy and Mathematics will be the first curricular area to be reviewed. An updated curriculum framework will be published in draft in December 2024, with schools and practitioners testing it from January 2025. The high level framework for learning and achievement will underpin the required content for learners' achievement outcomes across the curriculum.

January to April 2025
From January to April 2025, information about the progress of publication orders will be shared through national curriculum centres that will update digital curricula once a curricula ordering.

This review is an important milestone for the Curriculum Improvement Cycle (CIC) and supports and underpins curricula for Excellence (CfE). An update to the CfE will be published in the Curriculum Improvement Cycle in line with a three-year plan.

What will this mean?

The CIC will provide educators with the following:

- Clarity of terminology and language used to ensure that everyone is clear about the meaning of keywords.
- A consistent 3-18 framework with clarity on progression including Realising the Ambition and the Senior Phase.
- Guidance relating to the knowledge, skills, attributes and entitlements of learners, and what they should be able to do and know, and by when.
- Clarity on how curricula should be written for sustainability, local context, learner identities to support progression in future, the curriculum and related that means in the world today.

The First Curriculum and the First Curriculum for Learning

Our first Curriculum for Learning for Learning will be published in the Curriculum Improvement Cycle in line with a three-year plan.

Ensuring Fair Curriculum

As the design progresses, schools may see the need to adapt to ensure the curriculum.
