Curriculum Planning A Ten Step Process

Albert A Gayle

Curriculum Planning A Ten Step Process:

Curriculum Planning Weldon F. Zenger, Sharon K. Zenger, 1982 To assist school district personnel in planning and developing curriculums this handbook describes and explains a 10 step process and provides supporting examples checklists and references A brief introduction suggests how to use the handbook Each of the 10 following sections then presents one step explains its substeps and offers a checklist that shows whether a substep is being considered or planned has been completed or is not needed The 10 steps involve 1 identifying or stating a curricular need 2 developing curricular goals and objectives 3 planning and organizing resources and identifying constraints 4 organizing and stating the functions of curriculum committees 5 establishing the roles and responsibilities of personnel involved 6 identifying and analyzing new curriculums or programs to meet the curricular need 7 assessing and selecting the new curriculum 8 designing the new curriculum 9 implementing the new curriculum and 10 evaluating the curriculum Five appendices offer checklists for developing curriculum guides and evaluating textbooks provide a sample curriculum unit and present simulations of a reading program assessment and the selection of a computer using the 10 step process RW *Resources in Education*, 1984

Effective Teaching Methods Gary D. Borich, 2007 The goal of this text is to prepare prospective teachers to meet the challenges of today's changing classrooms by providing effective practical research based practices in an accessible conversational style Material is based on a quarter century of actual in classroom research that makes it possible to replace anecdotal suggestions for good teaching with solidly research grounded strategies empirically related to positive outcomes

Curriculum Books William Henry Schubert, 2002 A substantial revision of Curriculum Books The First Eighty Years this new volume is a comprehensive presentation of curriculum books that have contributed to theoretical and practical discourse about curriculum throughout the twentieth century Following an introduction that explains the book's purpose and how it was constructed the authors present each decade in a chapter that provides contextual reminders about the social political and cultural events of the time period discussion of salient events in curriculum discourse and a comprehensive bibliography by year of curriculum books More than 3 000 curriculum books are weaved into this presentation The original and updated conclusions are offered to provide interpretative perspective on curricular trends state of the field and possibilities for the future of curriculum studies Publisher description Developing the Curriculum Peter F. Oliva, 2005 This highly readable practical text guides students step by step through the process of curriculum development providing a solid foundation of key models and concepts Developing the Curriculum Sixth Edition is full of references to classic and current curriculum writings providing students with a synthesis of historic and contemporary principles and practices associated with creating an effective curriculum In addition the author introduces a model that combines curriculum and instruction and carefully explores issues and challenges at each stage Features Up to date coverage reflects today's best practices and current trends in current development Actual examples are interspersed throughout each chapter to reinforce major chapter content Each

chapter contains objectives Website and media references end of chapter questions as well as supplementary exercises providing students the opportunity to critically analyze and review key concepts and strategies Extensive bibliographies enable students to conduct research on chapter topics Chapter 15 Issues in Curriculum Development provides clear and concise analyses accompanied by an easy to use bibliography An Appendix provides teachers with references to ERIC Clearinghouses Regional Educational Laboratories National Research and Development Centers Institute of Education Sciences and curriculum journals Peter F Oliva formerly professor and chairperson at Southern Illinois University Florida International University and Georgia Southern University is author of several textbooks He has taught in high school and at the Universities of Florida Hawaii Mississippi and Indiana State University

Helping Teachers Teach Philip M. Turner,1993 Promotes the participation of the school library media specialist s role as an instructional consultant
