Underwood,2001 Underwood s carefully selected collection of six key Agrarians essays combined with a revealing new introduction offers a radically revised view of the movement as it was redefined and revived during the New Deal **The Literature of the Ozarks** Phillip Douglas Howerton,2019 This book surveys two centuries of Ozarks literature from an Osage creation story to contemporary poetry and fiction This anthology presents writings from more than forty authors and connects these works to major literary movements while exploring their regional themes and their contributions to the social construction of the Ozarks **Battling Nell** Alexander S. Leidholdt,2009-11 A longtime columnist for the Raleigh News and Observer Cornelia Battle Lewis earned a national reputation in the 1920s and 1930s for her courageous advocacy on behalf of women s rights African Americans children and labor unions Late in her life however after fighting mental illness Lewis reversed many of her stances and railed against the liberalism she had spent her life advancing In **Battling Nell** Alexander S Leidholdt tells the compelling and ultimately tragic life story of this groundbreaking journalist against the backdrop of the turbulent post Reconstruction Jim Crow South and speculates about the cause of her extraordinary transformation The daughter of North Carolina s most prominent public health official Lewis grew up in Raleigh but her experiences at Smith College in Massachusetts and later in France during World War I led her to question the prevailing racial attitudes and gender roles of her native region In 1920 Lewis began her storied career with the News and Observer Inspired by H L Mencken s scathing criticism of the South she soon established herself as the region s leading female liberal journalist Her column Incidentally attacked the Ku Klux Klan lobbied against the exploitation of mill workers defended strikers during the notorious communist organized Gastonia labor violence mocked religious fundamentalists who fought the teaching of evolution and decried lynch law A suffragist and a feminist who saw women s rights as inextricably linked to human rights Lewis ran for state legislature in 1928 and was one of the first women in North Carolina to be admitted to the bar In the 1930s however Lewis faced repeated institutionalizations for a debilitating bout of mental illness and sought treatment from Christian Science practitioners spiritualists and psychotherapists As she aged her views grew increasingly reactionary and she insisted that she had served as a communist dupe during the Gastonia strike and trials that communists had infiltrated the University of North Carolina and that many of her former progressive allies had ties to communism Finally many of her opinions completely reversed and in the wake of the 1954 Brown v Board decision she served as an influential spokesperson for the South s massive resistance to public school desegregation She continued to espouse these conservative beliefs until her death in 1956 In his detailed retelling of Lewis s fascinating life Leidholdt chronicles the turbulent history of North Carolina from the 1920s through the 1950s as industrialization and racial integration began to tear at the region s conservative fabric He vividly explains the background and ramifications of Lewis s

many controversial stances and explores the possible reasons for her ideological about face Through the extraordinary story of Battling Nell Leidholdt reveals how the complex issues of gender labor and race intertwined to influence the convulsive events that shaped the course of early twentieth century southern history *From Civil War to Civil Rights, Alabama 1860-1960*, 1987-10-30 *From Civil War to Civil Rights Alabama 1860 1960* offers a collection of insightful and illuminating essays from *The Alabama Review* which trace the history of Alabama from the dramatic destruction of the Civil War to the turbulent early years of the Civil Rights movements
