

## Life isn't always fair.

Some people are born into **better environments**. Some people have **better genetics**. Some are in the **right place at the right time**. If you're trying to change your life, all of this is irrelevant.

All that matters is that you **accept where you are**, figure out **where you want to be**, and then do what you can, today and every day, to hold your head high and **keep moving forward**.
