## **Belief In Christ:**

Belief in Christ Charles Gore,1922 *The Reconstruction of Belief: Belief in God. Belief in Christ. The Holy Spirit and the Church* Charles Gore,1926 **Belief in Christ** Charles Gore,2007-10 Written from the perspective of an imaginary Buddhist votary this text depicts the life and character of the notable hero and reformer Prince Gautama of India the founder of Buddhism Told through the medium of a continuous poem this wonderful epic is both enchantingly written and exceptionally informative sure to appeal to connoisseurs of poetry and those interested in the life of the prolific Prince of Gautama alike Sir Edwin Arnold was an English poet and journalist famous for this his most influential work A must have for any collector of Arnold s work *The Light of Asia* was originally published in 1879 and is republished now with an original biography of the author Why I Believe in Jesus Christ Shailer Mathews,1925 **Belief in Christ** Charles Gore,2013-09 This historic book may have numerous typos and missing text Purchasers can usually download a free scanned copy of the original book without typos from the publisher Not indexed Not illustrated 1922 edition Excerpt God has bared His arm Sooner or later the judgment of God falls naturally on every institution which ignores persistently and defiantly the law of righteousness Wheresoever the carcass is there will the eagles be gathered together Thus we have many last days 1 or days of extremity followed by days of the Lord But all these days of the Lord of which the Bible record is full are the prelude of something final and universal the Day after which God is to be all in all Of the date of this we know and are to know nothing and of its character and manner of coming we hear only in apocalyptic imagery and symbolism as a reflection in a mirror or in a riddle Only we know it is certain to come and as we belong already to the kingdom of God we most passionately and eagerly desire to see it fully consummated It is from such a point of view as this that though it is going somewhat out of our way we can attempt a brief answer to the question which is continually being raised afresh whether Christianity is a religion of this world or an other worldly religion whether Christians are to labour for the gradual upbuilding of the city of God on earth by the transformation both of individual characters and human institutions 1 I think Westcott on 1 John ii 18 and Hort on 1 Peter i 5 and Parry on 2 Tim iii 1 are right in distinguishing the last day from last days and a last hour There is clearly a distinction to be drawn according as the article is used or not THIS WORLD OR THE NEXT 157 tions or whether they are to look forward to the destruction of this wicked world and all that belongs to it and **Do You Really Believe What You Say You Believe?** Rodney Hobson,2019-02-21 A Christian s growth is dependent on what they say they know regarding Christ and what they say they believe about Christ and the application of those beliefs in their circumstances The Bible is filled with examples of men and women who believed in God and Christ yet struggled to believe what they heard read and said they believed Abraham and Sarah Zechariah Jesus disciples Paul and others had issues of believing what they heard or what was written in scripture What does it mean when a person says I believe in God How does unbelief affect what a Christian believes Does what a person believes limit their ability to produce the truths of Christ and its results in their lives This book is written to

explore the challenges of believing the Word of God and learning how to produce the results of those beliefs in their lives

**Evangelicalism of Alexander Carson** John Gill,2025-07-31 Alexander Carson ca 1776 1844 is primarily remembered by Baptist historians as an apologist for believer s baptism Yet this is a topic that Carson himself would consider secondary What then did Carson consider to be of primary importance The gospel of Jesus Christ as conveyed in the Scriptures The thesis of this study is that Carson s belief in the Bible as a verbally and completely inspired text provided him with an infallible source for his understanding of the gospel as being centered upon the atonement effective through justification by faith alone and the motivation for evangelism Carson s theology is examined in each area through a study of his pertinent works the works written by those with whom he interacted as well as the larger theological social economic and political context surrounding those works     **Building Belief** Chad V. Meister,2009-06-01 It can be hard to share faith with others

especially when people can t agree on whether there is even any actual truth With that in mind Chad Meister has developed a simple logical way for you to help others move past relativism to a place where Christian belief makes sense the Apologetics Pyramid In Building Belief Meister leads you up each step of the pyramid beginning where many find themselves today doubting if anything is really true From there he powerfully builds a case for absolute truth the existence of God universal morals and values the reliability and divine inspiration of the Bible the resurrection of Christ and ultimately the good news that Jesus is the Son of God who offers salvation to the world     **The Mosaic of Christian Belief** Roger E.

Olson,2002-09-06 In this companion volume to *The Story of Christian Theology* Roger E Olson thematically traces the contours of Christian belief down through the ages revealing a pattern of both unity and diversity     **The Reconstruction of Belief V2: Belief in Christ** Charles Gore,2008-06 This scarce antiquarian book is a facsimile reprint of the original Due to its age it may contain imperfections such as marks notations marginalia and flawed pages Because we believe this work is culturally important we have made it available as part of our commitment for protecting preserving and promoting the world s literature in affordable high quality modern editions that are true to the original work     **The Divinity of Jesus Christ**

Egbert Coffin Smyth,1893     **Beyond Belief to Convictions** Josh McDowell,Bob Hostetler,2002 If the church doesn t act now we will lose a whole generation to postmodernism Most young people believe that truth is relative to individual beliefs McDowell insists that truth matters and that truth changes who we are and how we act McDowell introduces relational apologetics proving that objective truth is founded on a relationship with Jesus Christ     **A Grammar of Belief** Charles Lemuel Dibble,1922     *40 Weeks of Systematic Theology Workbook for Adults* Viva W. *Works* Alexander Carson,1847     **How God Became Jesus**  
Michael F. Bird,Craig A. Evans,Simon Gathercole,Charles E. Hill,Chris Tilling,2014-03-25 In his recent book *How Jesus Became God The Exaltation of a Jewish Preacher From Galilee* historian Bart Ehrman explores a claim that resides at the heart of the Christian faith that Jesus of Nazareth was and is God According to Ehrman though this is not what the earliest disciples believed nor what Jesus claimed about himself The first response book to this latest challenge to Christianity from Ehrman *How God Became Jesus* features the work of five internationally recognized biblical scholars While subjecting his claims to critical scrutiny they offer a better historically informed account of why the Galilean preacher from Nazareth came to be hailed as the Lord Jesus Christ Namely they contend the exalted place of Jesus in belief and worship is clearly evident in the earliest Christian sources shortly following his death and was not simply the invention of the church centuries later
