Beloved Abductor June Francis,1998      *Anna May Wong* Graham Russell Gao Hodges,2023-01-10 Anna May Wong remains one of Hollywood's best known Chinese American actors Between 1919 and 1960 Anna May Wong starred in over fifty movies sharing billing with stars such as Douglas Fairbanks Sr Marlene Dietrich Joan Crawford Ramon Novarro and Warner Oland Her life though is the prototypical story of an immigrant's difficult path through the prejudices of American culture Born in Los Angeles in 1905 she was the second daughter of seven children born to a laundryman and his wife Childhood experience fueled her fascination with Hollywood By 1919 she secured a small part in her first film *The Red Lantern* and she continued to act up until her death Her most famous film roles were in *The Toll of the Sea* *Peter Pan* *The Thief of Baghdad* *Old San Francisco* and *Shanghai Express* But discrimination against Asians in both in the film industry and society was commonplace and when it came time to make a film version of Pearl Buck's *The Good Earth* she was passed over for the Chinese female lead role which was ultimately given to the white actor Luise Rainer In a narrative that recalls the pathos of life in Los Angeles's Chinese neighborhoods and the glamour of Hollywood's pleasure palaces Graham Russell Gao Hodges recovers the life of a Hollywood legend

**Historical Roots of the Wondertale** Vladimir Yakovlevich Propp,2025-12-02 Nearly seven decades after the English translation of *Morphology of the Folktale* one of the most influential scholarly books on folklore its sequel is finally available in an official English translation completing the enterprise that occupied much of Vladimir Yakovlevich Propp's life In *Morphology of the Folktale* Propp approached these narratives synchronically using structural analysis to identify the wondertale's minimal units and deep structure In *Historical Roots of the Wondertale* he broadens and deepens his analysis comparing folktale structures and content to rituals and customs of

aboriginal societies from around the world and with people who were the first to envision religion and myth Relying on both structural and historical comparative methods Propp sees the roots of the wondertale in rituals from earlier stages of human development whose narratives were repurposed as their tellers settled into agricultural societies and ancient rituals were no longer practiced With a new introduction conclusion translators notes and a full bibliography Historical Roots of the Wondertale complements and expands upon the Morphology completing Propp s search for the origins of wondertales myths and religious practices

*Stealing Helen* Lowell Edmunds,2020-04-28 It s a familiar story a beautiful woman is abducted and her husband journeys to recover her This story s best known incarnation is also a central Greek myth the abduction of Helen that led to the Trojan War *Stealing Helen* surveys a vast range of folktales and texts exhibiting the story pattern of the abducted beautiful wife and makes a detailed comparison with the Helen of Troy myth Lowell Edmunds shows that certain Sanskrit Welsh and Old Irish texts suggest there was an Indo European story of the abducted wife before the Helen myth of the Iliad became known Investigating Helen s status in ancient Greek sources Edmunds argues that if Helen was just one trope of the abducted wife the quest for Helen s origin in Spartan cult can be abandoned as can the quest for an Indo European goddess who grew into the Helen myth He explains that Helen was not a divine essence but a narrative figure that could replicate itself as needed at various times or places in ancient Greece Edmunds recovers some of these narrative Helens such as those of the Pythagoreans and of Simon Magus which then inspired the Helens of the Faust legend and Goethe *Stealing Helen* offers a detailed critique of prevailing views behind the real Helen and presents an eye opening exploration of the many sources for this international mythical and literary icon

**The Sicilian Puppet Theater of Agrippino Manteo (1884-1947)** Jo Ann Cavallo, 2023-06-13 Joint winner of The Literary Encyclopedia book prize 2024 category Literatures written in languages other than English Winner of the Nancy Staub Publications Award 2024 Winner of the AATI Book Award 2024 for Literary Critical Theory and Cultural Studies

Sicilian puppet theater is a unique nineteenth and twentieth century popular theatrical tradition based on the masterpieces of medieval and Renaissance chivalric literature. It flourished not only in southern Italy and Sicily but also in the diasporic Italian urban communities of North and South America and North Africa bringing immigrants together for nightly performances of the same deeply cherished chivalric stories. Even though this art form was designated by UNESCO as an intangible cultural heritage of humanity in 2001 it remains largely unknown today because by the late 1950s Sicilian puppet theater companies had ceased to perform the full Paladins of France cycle that used to extend nightly for well over a year. Thus the only means we have left to explore the substance of this once widely enjoyed cultural phenomenon are the scripts dating from opera dei pupi's heyday. Most of these invaluable documents however have been lost while the few sets still in existence are either privately owned by the remaining puppeteer families and collectors or tucked away in the archives of Italian institutions. Thanks to the newly accessible scripts of the preeminent Catanese American puppeteer Agrippino Manteo 1884-1947 whose career stretched from Sicily to Argentina to New York students, scholars, and the general public can now explore the cycle of chivalric narratives staged during the golden age of Sicilian puppet theater. The many delicate hand-written notebooks containing Agrippino Manteo's dramatic repertory are not only of interest for their historical and aesthetic value. These masterfully executed theatrical adaptations invite readers into a chivalric world featuring knights and damsels from across the globe from Europe to Africa to East Asia who share the stage with a host of wizards, fairies, giants, and monsters in alternating episodes of love, enchantment, adventure, and warfare. The concerns with which they engage such as justice, identity, duty, love, freedom, and virtue transcend the categories of elite and folk, local and global, medieval and modern, interrogating what it means to be human. This book provides the most comprehensive history to date of the Manteo Family's Sicilian Marionette Theater across three generations and brings to light for the first time the contents of Agrippino Manteo's extensive Sicilian puppet theater scripts including translations of 8 selected plays and 270 extant play summaries of the famous Paladins of France cycle. Accompanying comparative analyses uncover the creative process of adaptation from Italian Renaissance masterpieces of chivalric poetry to nineteenth century prose compilations to Agrippino's opera dei pupi scripts.
