Congress,1962 **Congressional Record Index** ,1962 Includes history of bills and resolutions **The Religion of Chiropractic** Holly Folk,2017-03-13 Chiropractic is by far the most common form of alternative medicine in the United States today but its fascinating origins stretch back to the battles between science and religion in the nineteenth century At the center of the story are chiropractic s colorful founders D D Palmer and his son B J Palmer of Davenport Iowa where in 1897 they established the Palmer College of Chiropractic Holly Folk shows how the Palmers system depicted chiropractic as a conduit for both material and spiritualized versions of a vital principle reflecting popular contemporary therapies and nineteenth century metaphysical beliefs including the idea that the spine was home to occult forces The creation of chiropractic and other Progressive era versions of alternative medicine happened at a time when the relationship between science and religion took on an urgent increasingly competitive tinge Many remarkable people including the Palmers undertook highly personal reinterpretations of their physical and spiritual worlds In this context Folk reframes alternative medicine and spirituality as a type of populist intellectual culture in which ideologies about the body comprise a highly appealing form of cultural resistance Beautiful Andrew L. Erdman,2024 *Beautiful* is a biography of Julian Eltinge a female impersonator and major cultural figure who has been appropriated as variously a gay icon a highly closeted turncoat and a emblem of an era when many of our contemporary ideas about sex and gender were just beginning to take shape The Journal of State Government ,1989 **Fourth Estate** ,1919 **Voters' Verdicts** Chris W. Bonneau,Damon M. Cann,2015-07-07 In *Voters Verdicts* Chris Bonneau and Damon Cann address contemporary concerns with judicial elections by investigating factors that influence voters decisions in the election of state supreme court judges Bonneau and Cann demonstrate that the move to nonpartisan elections while it depresses political

participation does little to mute the effects of partisanship and ideology The authors note the irony that judicial elections often faulted for politicizing the legal process historically represented an attempt to correct the lack of accountability in the selection of judges by appointment since unlike appointive systems judicial elections are at least transparent This comprehensive study rests on a broad evidentiary base that spans numerous states and a variety of electoral systems Bonneau and Cann use the first national survey of voters in state supreme court elections paired with novel laboratory experiments to evaluate the influence of incumbency and other ballot cues on voters decisions Data rich and analytically rigorous this provocative volume shows why voters decide to participate in judicial elections and what factors they consider in casting their votes A volume in the series Constitutionalism and Democracy **The New Yorker** Harold Wallace Ross,William Shawn,Tina Brown,David Remnick,Katharine Sergeant Angell White,Rea Irvin,Roger Angell,1987
