Hahnenberg, 2015 Catholic ecclesiology stands at the threshold of a new moment in the reception of the Second Vatican Council The election of Pope Francis coinciding with the fiftieth anniversary of the council has inspired a fresh consideration of its teaching in such diverse areas as ecumenism inculturation missiology and ministry The chapters in this volume have their origin in a special symposium honoring the ecclesiological legacy of Thomas F O Meara OP The symposium called together over forty leading North American scholars in order to discuss the future of Catholic theological reflection on the church a conversation that offers an entry into some of the most pressing issues in ecclesiology today **A Progressive Voice in the Catholic Church in the United States** Arthur J. McDonald, 2019-10-29 In the summer of 1966 one year after the conclusion of the Second Vatican Council a group of nineteen Roman Catholic priests met clandestinely in a church hall in a suburb of Pittsburgh to discuss forming an independent group of ordained clergy Fearful that meeting publicly might be viewed as a threat to the authority of the local bishop thus potentially risking sanctioning from him they used numbers not names when circulating the minutes of the first two meetings Once the word spread among the local clergy that such a group was meeting and they realized there was widespread interest they went public and invited all of Pittsburgh s Catholic clergy including the bishop to their third meeting They chose a name the Association of Pittsburgh Priests APP and the group was launched Shortly after forming and with interest from among over two hundred clergy APP began advocating for major church renewal and involvement in any number of social justice issues Regarding church renewal they grounded themselves in the documents of Vatican II most especially *Gaudium et Spes* Church in the Modern World and soon lobbied for optional celibacy and married priesthood women s ordination lay empowerment including the promotion of the early church notion of the priesthood and prophethood of all believers To this day APP remains a force for change in the church and in society ever true to its initial intuition to fully implement the renewal of church and society called for by the bishops at Vatican II *Buying the Field* Sandra Marie Schneiders, 2013 Conflict and Collaboration Catherine Gerard, Louis Kriesberg, 2018-05-11 In this volume scholars from different disciplines join together to examine the overlapping domains of conflict and collaboration studies It examines the relationships between ideas and practices in the fields of conflict resolution and collaboration from multiple disciplinary perspectives The central theme is that conflict and collaboration can be good bad or even benign depending on a number of factors These include the role of power design of the process itself skill level and intent of the actors social contexts and world views The book demonstrates that various blends of conflict and collaboration can be more or less constructively effective It discusses specific cases analytical methods and interventions and emphasizes both developing propositions and reflecting on specific cases and contexts The book concludes with specific policy recommendations for many sets of actors those in peacebuilding social movements governments and
