## **Cuban Anarchism The History Of A Movement:**

Cuban Anarchism Frank Fernández,2014-01-01 This inspiring history of the Cuban anarchist movement is also a history of the Cuban labor movement It covers both from their origins in the mid 19th century to the present and ends with an enlightening analysis of the failure of the Castro dictatorship

Anarchist Cuba Kirwin Shaffer,2019-05-01 This is the first critical in depth study of the anarchist movement in Cuba in the three decades after the republic s independence from Spain in 1898 Kirwin Shaffer shows that anarchists played a significant until now little known role among Cuban leftists in shaping issues of health education immigration the environment and working class internationalism They also criticized the state of racial politics cultural practices and the conditions of children and women on the island In the chaotic new country members of the anarchist movement reinterpreted the War for Independence and the revolutionary ideas of patriot Jos Mart embarking on a nationwide debate with the larger Cuban establishment about what it meant to be Cuban To counter the dominant culture the anarchists created their own initiatives schools health institutes vegetarian restaurants theater and fiction writing groups and occasional calls for nudism and as a result they challenged both the existing elite and the occupying U S military forces Shaffer also focuses on what anarchists did to prepare the masses for a social revolution While many of the Cuban anarchists ideals flowed from Europe their programs criticisms and literature reflected the specifics of Cuban reality and appealed to Cuba s popular classes Using theories of working class internationalism countercultures popular culture and social movements Shaffer analyzes archival records pamphlets newspapers and novels showing how the anarchist movement in republican Cuba helped shape the country s early leftist revolutionary agenda Shaffer s portrait of the conflict between anarchists and their enemies illuminates the multiple forces that pervaded life on the island in the twentieth century until the rise of the Gerardo Machado dictatorship in the 1920s This important book places anarchism in its rightful historical role as a vital current within Cuban radical political culture

*How Not to Be Governed* Jimmy Casas Klausen,James Martel,2011-01-13 How Not to Be Governed explores the contemporary debates and questions concerning anarchism in our own time The authors address the political failures of earlier practices of anarchism and the claim that anarchism is impracticable by examining the anarchisms that have been theorized and practiced in the midst of these supposed failures The authors revive the possibility of anarchism even as they examine it with a critical lens Rather than breaking with prior anarchist practices this volume reveals the central values and tactics of anarchism that remain with us practiced even in the most unlikely and impossible contexts

**Islam and Anarchism** Mohamed Abdou,2022-06-20 One of the fiercest books I ve ever read Jasbir K Puar Discourse around Muslims and Islam all too often lapses into a false dichotomy of Orientalist and fundamentalist tropes A popular reimaging of Islam is urgently needed Yet it is a perhaps unexpected political philosophical tradition that has the most to offer in this pursuit anarchism Islam and Anarchism is a highly original and interdisciplinary work which simultaneously disrupts two commonly held beliefs that Islam is necessarily authoritarian and

capitalist and that anarchism is necessarily anti religious and anti spiritual Deeply rooted in key Islamic concepts and textual sources and drawing on radical Indigenous Islamic anarchistic and social movement discourses Abdou proposes Anarcha Islam Constructing a decolonial non authoritarian and non capitalist Islamic anarchism Islam and Anarchism philosophically and theologically challenges the classist sexist racist ageist queerphobic and ableist inequalities in both post and neo colonial societies like Egypt and settler colonial societies such as Canada and the USA

**Anarchist Seeds beneath the Snow** David Goodway,2011-12-12 From William Morris to Oscar Wilde to George Orwell left libertarian thought has long been an important but neglected part of British cultural and political history In *Anarchist Seeds beneath the Snow* David Goodway seeks to recover and revitalize that indigenous anarchist tradition This book succeeds as simultaneously a cultural history of left libertarian thought in Britain and a demonstration of the applicability of that history to current politics Goodway argues that a recovered anarchist tradition could and should be a touchstone for contemporary political radicals Moving seamlessly from Aldous Huxley and Colin Ward to the war in Iraq this challenging volume will energize leftist movements throughout the world *International Review of Social History* ,2001

**Means and Ends** Zoe Baker,2023-07-25 An expansive and accessible account of anarchism as a theory of practice A new in depth look at the revolutionary strategy of anarchism in Europe and the United States between 1868 and 1939 Zoe Baker creator of a popular Youtube series on radical history and political theory brings her trademark clarity and accessibility to this debut book Cutting through misperceptions and historical inaccuracies she shows how the reasons anarchists gave for supporting or opposing particular strategies were grounded in a specific theoretical framework a theory of practice The consistent and coherent heart of anarchism Baker shows is the understanding that as people engage in activity political or otherwise they simultaneously change the world and themselves Put another way the means that revolutionaries propose to achieve social change have to involve forms of activity through which people can become individuals capable of overthrowing capitalism and the state as well as building a better society Behind this simple premise that anarchist ends can only be achieved through anarchist means lies a wealth of fascinating historical and theoretical detail that Baker presents clearly and engagingly *Caña Quemá* Tania Triana,2004
