to expository writers debaters and public speakers Booklist Given the shortage of logical thinking And the fact that mankind is adrift if not sinking It is vital that all of us learn to think straight And this small book by D Q McNerny is great It follows therefore since we so badly need it Everybody should not only but it but read it Charles Osgood *The Divine for Critical Minds: Inquiry Into God's Existence* Dr. Rehan Zaidi,2022-06 This work skeptically tackles a wide array of subjects relating to the existence of God through a stringent methodology that requires readers to take nothing for granted question their foundational assumptions and keep an open mind all hallmarks of a rigorous scientific approach **The Philosophical Foundations of Social Work** Frederic G. Reamer,2022-09-06 Social work rests on complex philosophical assumptions that should be central to practice education and training In this book Frederic G Reamer explores how these issues bear on the purpose methods and perspectives of social work and their far reaching implications for practice and scholarship Reamer examines major themes across the domains of moral and political philosophy logic epistemology and aesthetics He raises questions such as How can ethical theories inform social workers moral judgments In what ways are canons of inductive and deductive logic relevant to social workers thinking about their work To what extent can scientific inquiry help social workers understand the nature and effect of their interventions How can concepts related to aesthetics shed light on the nature of social work Reamer s nuanced inquiry never loses sight of the concrete applications of philosophy to social work practice with individuals families groups organizations and communities or to broader goals of social change This second edition of *The Philosophical Foundations of Social Work* is revised and updated throughout to address contemporary challenges It focuses especially on newer thinking about the role of non Western philosophical perspectives and the relevance of philosophy to social workers commitments to multiculturalism feminism and antiracism *CIO* ,2004-12-01 *Crumbs from a Bum* Matthew B Wincowski,2014-09-16 Finding a coherent set of answers to life s age old questions can be an onerous undertaking Yet the questions abound in our culture and a rational collection of answers is seemingly ungraspable Commoners have been led to believe that beliefs are irreversibly inconsequential Youngsters are boldly instructed to merely seek success Teachers unblushingly preach to students that there is no such thing as truth With uncountable opinions and beliefs put forth who ought we to trust Should we give credence to the preachy words of secularists who do not even have the backbone to adhere to a logically consistent worldview Are we to trust the pop psychologists who unmindfully and unabashedly bypass life s essential questions Would it be shrewd of us to subscribe to the pluralists who lack the decency to study incommensurable worldviews yet absurdly accept contrasting worldviews as equally valid Whom shall we trust In a culture where common sense has commonly vanished amongst commoners we would do well to welcome common sense into our lives Thinking episodically has become the modern routine and yet such a routine suffocates us in the ruins of our own lack of thinking for thinking episodically is really no way of thinking at all Perhaps just perhaps the answers to life s most pressing questions are within our reach but first we must be willing to embrace common sense **Why You are You** Victor
