Benchmark and Threshold Standards in Higher Education Michael Armstrong, Sally Brown, Helen Smith, 2017-01-31 The specification of standards in higher education has long been the subject of international debate This text covers the rationales operational issues and perspectives on benchmarking and standards from international viewpoints **Handbook Of Benchmarking & Threshold Standards In Higher Education** Helen Smith, Michael Armstrong, Sally Brown, 2005-12-01 The Specification Of Standards In Higher Education Has Recently Been The Subject Of Intensive International Debate At Issue Are The Ways In Which Stakeholders In Higher Education Students Academics Educational Managers And Funding Providers Can Be Reliably And Clearly Informed About What Is Being Provided By Those Who Develop And Deliver The Curriculum **Internal Audit in Higher Education** Alison Holmes, Sally Brown, 2012-10-12 This volume describes a range of experiences of internal audit in higher education institutions from the UK USA Australia New Zealand South Africa and Germany It presents approaches to best practice designed to enable readers to assess and develop their own audit procedures *Benchmarking in Institutional Research* Gary D. Levy, Nicolas A. Valcik, 2012-12-21 While the term benchmarking is commonplace nowadays in institutional research and higher education less common is a solid understanding of what it really means and how it has been and can be used effectively This volume begins by defining benchmarking as a strategic and structured approach whereby an organization compares aspects of its processes and or outcomes to those of another organization or set of organizations to identify opportunities for improvement Building on this definition the chapters provide a brief history of the evolution and emergence of benchmarking in general and in higher education in particular The authors apply benchmarking to Enrollment management and student success Institutional effectiveness The potential economic impact of higher education institutions on their host communities They look at the use of national external survey data in institutional benchmarking and selection of peer institutions introduce multivariate statistical methodologies for guiding that selection and consider a novel application of baseball sabermetric methods The volume offers a solid starting point for those new to benchmarking in higher education and provides examples of current best practices and prospective new directions This is the 156th volume of this Jossey Bass series Always timely and comprehensive *New Directions for Institutional Research* provides planners and administrators in all types of academic institutions with guidelines in such areas as resource coordination information analysis program evaluation and institutional management *Resources in Education*, 2001 [Academic Standards in Higher Education](#) Nicola Reimann, Ian Sadler, Jennifer Hill, 2024-08-15 Academic standards in higher education are important but largely misunderstood This book examines the notion of academic standards explaining what they are and why they are important and identifying the many myths that surround them Based on the lessons learnt from the UK wide Degree Standards Project which developed piloted and evaluated a professional development course on degree standards aimed at external examiners the book offers practical

suggestions for ways in which higher education staff can develop a more sophisticated understanding of standards It discusses the implications of rethinking academic standards for higher education policy and practice through examples and case studies derived from research evidence the Degree Standards Project and contributors own experience and expertise As a broader approach to assessment literacy this volume aims to develop readers standards literacy by challenging routine practices and proposing promising alternatives Written with a diverse readership in mind this book is relevant to discipline based academics quality officers academic developers university leaders and managers as well as policy makers The Bulletin. Association of Commonwealth Universities ,1999 **Higher education in science, technology, engineering and mathematics (STEM) subjects** Great Britain: Parliament: House of Lords: Science and Technology Committee,2012-07-24 Higher Education in Science Technology Engineering and Mathematics STEM Subjects HL 37 calls for immediate action to ensure enough young people study STEM subjects at both undergraduate and postgraduate level Without this the Government risks failing to meet its objectives to drive economic growth through education and hi tech industries as identified in its Plan for Growth A high level of numeracy is of increasing importance to employers particularly in hi tech industries The Committee were shocked to discover that many students starting STEM degrees even those with A Level maths qualifications lack the maths skills required to undertake their studies The Committee recommends maths should be compulsory for all students after post 16 universities should toughen up their maths requirements for entry in STEM courses the Government should work with stakeholders to define STEM by producing a st *Subject Benchmarking Guidelines* ,2006 *Public Policy for Academic Quality* David D. Dill, Maarja Beerkens,2010-04-12 Over the last decade the structure of higher education in most countries has undergone significant change brought about by social demands for expanded access technological developments and market forces In this period of change the traditional concerns with access and cost have been supplemented by a new concern with academic quality As a consequence new public policies on academic quality and new forms of academic quality assurance have rapidly emerged and swiftly migrated across continents and around the globe The growing public debate about academic quality assurance within and across countries however has not always been well informed by analyses of the strengths and weaknesses of these new policy instruments The Public Policy for Academic Quality Research Program PPAQ was designed to provide systematic analyses of innovative external quality assurance policies around the world This volume presents the fourteen analyses of national policies on academic quality assurance conducted as part of the PPAQ Research Program utilizing the knowledge of informed international scholars Each policy analysis examines the policy goals implementation problems and impacts of these newly developed national quality assurance instruments The book concludes with an assessment of the lessons learned from these collected policy analyses and outlines the framework conditions that appear essential for assuring academic standards in the university sector The Role of External Examining in Higher Education Enakshi Sengupta,Patrick Blessinger,Andrew Ssemwanga,Barbara

Cozza,2021-05-17 This book considers external examination examples in academia across the world With chapters that cover examples of mitigating disadvantage and creating opportunities without compromising the quality assurance process the authors examine how universities are engaged in safeguarding procedures at the same time as enhancing quality standards
