Bentinck Harvard 3 Centuries:

Wesleyan University, 1910-1970 David B. Potts, 2015-05-11 Winner of the Homer D Babbidge Jr 2016 In Wesleyan University 1910 1970 David B Potts presents an engaging story that includes a measured departure from denominational identity an enterprising acquisition of fabulous wealth and a burst of enthusiastic aspirations that initiated an era of financial stress Threaded through these episodes is a commitment to social service that is rooted in Methodism and clothed in more humanistic garb after World War II Potts gives an unprecedented level of attention to the board of trustees and finances These closely related components are now clearly introduced as major shaping forces in the development of American higher education Extensive examination is also given to student and faculty roles in building and altering institutional identity Threaded throughout these probes within in the analytical narrative is a close look at the waxing and waning of presidential leadership All these developments as is particularly evident in the areas of student demography and faculty compensation travel on a pathway through middle class America Within this broad context Wesleyan becomes a window on how the nation s liberal arts colleges survived and thrived during the last century This book concludes the author s analysis of changes in institutional identities that shaped the narrative for his widely praised first volume Wesleyan University 1831 1910 Collegiate Enterprise in New England His current fully evidenced sequel supplies helpful insights and reference points as we encounter the present fiscal strain in higher education and the related debates on institutional mission Kissinger Niall Ferguson, 2016-09-27 From the bestselling author of The Ascent of Money and The Square and the Tower the definitive biography of Henry Kissinger based on unprecedented access to his private papers Winner of the Council on Foreign Relations Arthur Ross Book Award No American statesman has been as revered or as reviled as Henry Kissinger Once hailed as Super K the indispensable man whose advice has been sought by every president from Kennedy to Obama he has also been hounded by conspiracy theorists scouring his every telcon for evidence of Machiavellian malfeasance Yet as Niall Ferguson shows in this magisterial two volume biography drawing not only on Kissinger s hitherto closed private papers but also on documents from more than a hundred archives around the world the idea of Kissinger as the ruthless arch realist is based on a profound misunderstanding The first half of Kissinger s life is usually skimmed over as a quintessential tale of American ascent the Jewish refugee from Hitler s Germany who made it to the White House But in this first of two volumes Ferguson shows that what Kissinger achieved before his appointment as Richard Nixon s national security adviser was astonishing in its own right Toiling as a teenager in a New York factory he studied indefatigably at night He was drafted into the U S infantry and saw action at the Battle of the Bulge as well as the liberation of a concentration camp but ended his army career interrogating Nazis It was at Harvard that Kissinger found his vocation Having immersed himself in the philosophy of Kant and the diplomacy of Metternich he shot to celebrity by arguing for limited nuclear war Nelson Rockefeller hired him Kennedy called him to Camelot Yet Kissinger s rise was anything but irresistible Dogged by press

gaffes and disappointed by Rocky Kissinger seemed stuck until a trip to Vietnam changed everything The Idealist is the story of one of the most important strategic thinkers America has ever produced It is also a political Bildungsroman explaining how Dr Strangelove ended up as consigliere to a politician he had always abhorred Like Ferguson s classic two volume history of the House of Rothschild Kissinger sheds dazzling new light on an entire era The essential account of an extraordinary life it recasts the Cold War world

Benton Mackaye Larry Anderson,2002-12-30 The life of the visionary conservationist who created the Appalachian Trail is chronicled in this first rate biography of a unique American thinker Mark Harvey Journal of American History Born in 1879 Wilderness Society cofounder Benton MacKaye was a pioneer in linking the concepts of preservation and recreation Spanning three quarters of a century his career had a major impact on emerging movements in conservation environmentalism and regional planning MacKaye s seminal ideas on outdoor recreation wilderness protection land use planning community development and transportation have inspired generations of activists professionals and adventurers seeking to strike a harmonious balance between human need and the natural environment This pathbreaking biography provides the first complete portrait of this significant figure in American environmental intellectual and cultural history Drawing on extensive research Larry Anderson traces MacKaye s extensive career examines his many published works and describes the importance of MacKaye s relationships with such influential figures as Lewis Mumford Aldo Leopold and Walter Lippmann

Routledge Library Editions: Higher Education Various,2021-03-29 The volumes in this set originally published between 1964 and 2002 draw together research by leading academics in the area of higher education and provide a rigorous examination of related key issues The volume examines the concepts of learning teaching student experience and administration in relation to the higher education through the areas of business sociology education reforms government educational policy business and religion whilst also exploring the general principles and practices of higher education in various countries This set will be of particular interest to students and practitioners of education politics and sociology
