Crucified God:

The Crucified God Jurgen Moltmann, 2014-04-15 This work on the significance of the crucifixion takes death despair and dreadfulness with total seriousness and relates these to a liberating hope of redemption through divine agony and suffering

The Crucified God Jürgen Moltmann, 1974 This seminal work on the significance of the crucifixion takes death despair and dreadfulness with total seriousness and relates these to a liberating hope of redemption through divine agony and suffering

The Crucified God Jürgen Moltmann, 2015-11-01 From its English publication in 1973 Jürgen Moltmann's *The Crucified God* garnered much attention and it has become one of the seminal texts of twentieth century theology Following up on his groundbreaking *Theology of Hope* *The Crucified God* established the cross as the foundation for Christian hope Moltmann's dramatic innovation was to see the cross not as a problem of theodicy but instead as an act of ultimate solidarity between God and humanity In this he drew on liberation theology and he was among the first to bring third world theologies into a first world context Moltmann proposes that suffering is not a problem to be solved but instead that suffering is an aspect of God's very being God is love and love invariably involves suffering In this view the crucifixion of Jesus is an event that affects the entirety of the Trinity showing that *The Crucified God* is more than an arresting title it is a theological breakthrough

The Crucified God - 40th Anniversary Edition Moltmann Jürgen, 2015-11-02 Arguably the most powerful of Moltmann's books *The Crucified God* is a seminal work on the crucifixion and its significance It is one of the most influential theological books of the twentieth century

Hell's Destruction Revd Dr Catherine Ella Laufer, 2013-06-28 The credal affirmation he descended to the dead has attracted a plethora of views over the centuries and many Christians today struggle to explain the meaning of these words This book explores various interpretations of the doctrine of Christ's descent to the dead both within particular historical contexts and within contemporary theology Laufer argues that the descensus clause Christ's descent is integral to Christian faith specifically to the doctrine of the incarnation If we are to affirm that in Christ God became truly human then that affirmation must include his sharing in the state of being dead that is the ultimate consequence of being human Laufer concludes that since the Son has experienced genuine human death and the separation from God which is the essence of hell there is no longer any human condition from which God is absent either in this life or in eternity Christ's descent means that he is truly hell's destruction Drawing on a treasure trove of writings from the western theological tradition including Luther Calvin Maurice Balthasar Moltmann and others and attending to historical theological exegetical philosophical and pastoral issues this book explores an often ignored doctrine which lies at the core of Christian life death and faith

The Suffering of God in the Eternal Decree Nixon de Vera, 2020-06-15 This book seeks to unpack the evolution of Barth's understanding of God's suffering in Jesus Christ in the light of election The interconnectedness of election crucifixion and impassibility is explored in order to ask whether the suffering of Christ is also a statement about the Trinity

The Order of God Aaron Yom, 2018-10-17 In this most up to date study Aaron Yom provides a comprehensive

analysis of the doctrine of God particularly from a pneumatological perspective He focuses on retrieving the order of God that has been consistently misunderstood and mistreated by modern scholars The author carefully examines scholarly works of modern thinkers such as Karl Barth Thomas Torrance Karl Rahner David Coffey Jurgen Moltmann Clark Pinnock and Stanley Grenz as well as ancient masters such as Augustine and Aquinas With a critical analysis he highlights the strengths and weaknesses of their work to lay a foundational platform for understanding God s order in the twenty first century theological context Yom proposes a holistic approach that does not marginalize the logic of the Trinity that begins with God s order of ontology rather than God s order of economy though the former is read from the latter He maintains the intricate balance of the immanent Trinity and the economic Trinity with his newfound principle of identity and duality Yom offers several new theological paradigms for those who are interested in the topic of systematic theology

Eberhard Jüngel and Existence Deborah Casewell,2021-05-30 This book interrogates the contemporary Lutheran theologian Eberhard J ngel s theological anthropology arguing that J ngel s thought can provide a model for theological engagement with philosophical accounts of existence Focusing on J ngel s theology of existence the author explores the thought of philosophers including Heidegger and Hegel their influence on and application to his theology and argues that J ngel s account of humanity should be seen as a response to atheistic existentialist accounts of existence In showing how J ngel s theology is informed by and dependent on philosophical thought this book provides a new lens on the interplay between philosophy theology and religion in twentieth century German thought It will be of particular interest to researchers in philosophy theology and philosophy of religion

Third-Eye Theology C.S. Song,2002-11-20 This book explains Christian attempts to contextualize theology in the Asian perspective The accommodation of Asian religious terminologies and concepts is possible as long as the biblical meaning is included Yet there is a question of where to draw the line between syncretism and accomodation

Do No Harm Ernest van Eck,George R. Hunsberger,2025-04-21 This Festschrift in honor of Professor Charles Fensham aims to celebrate his remarkable contributions to the fields of missiology and systematic theology as well as his advocacy for the rights of the LGBTQI2 community His books include *Emergence from the Dark Age Ahead* 2011 *To the Nations for the Earth* 2013 *Misguided Love* 2019 and *Mission as Penance* Pickwick Publications 2023 His scholarly work has left an indelible mark on academia inspiring generations of students and researchers and therefore the hope is that this Festschrift will be a testament to his influence in public missiology and theology

The Rationalist's Manual M. D. Aletheia,1897

Standing under the Cross Michael Mawson,2023-09-07

Standing Under the Cross focuses on Bonhoeffer's rich theological and ethical thinking. It places Bonhoeffer in conversation with a wide range of modern theologians including Karl Barth, Franz Rosenzweig, Jürgen Moltmann, and James Cone. The book gives particular attention to hermeneutics, the body, and Bonhoeffer's rich reflections on community and discipleship. Mawson attends to the complex ways in which these aspects of Bonhoeffer's thinking work together and shows how they can assist us in responding to some of the challenges confronting us today.
