Sumpter,2018-06-29 Randall Sumpter questions the dominant notion that reporters entering the field in the late nineteenth century relied on an informal apprenticeship system to learn the rules of journalism Drawing from the experiences of more than fifty reporters he argues that cub reporters could and did access multiple sources of instruction including autobiographies and memoirs of journalists fiction guidebooks and trade magazines Arguments for professional journalism did not resonate with the workaday journalists examined here These news workers were more concerned with following a personal rather than a professional code of ethics and implemented their own work rules Some of those rules governed delinquent behavior While scholars have traced some of the connections between beginning journalists and learning opportunities Sumpter shows that much more can be discovered with implications for understanding the development of journalistic professionalism and present day instances of journalistic behavior *FTD News Florists' Transworld Delivery Association*,1925 **Proceedings of the Stanford Conference on Business Education** Stanford University. Graduate School of Business,1926 *Homonyms; Multiple-Meaning Words; Or One Reason English is Difficult to Learn* Charlotte Smith,2023-01-26 In this third book in a series to help ESL learners I concentrate on the type of homonyms that are multiple meaning words like bat There are thousands of them but I chose the most interesting ones I included the pronunciation in what I hope is an easy way to understand This book is for people who already know some English and want to improve as well as for people who just love the English language **The Saturday Evening Post** ,1916 **The Editor; the Journal of Information for Literary**
