**Cuba on My Mind** Roman De La Campa,2002-09-17 In this moving and personal account of the forty three year old divide between Cuba and its exile population in the United States Roman de la Campa questions both sides of a family feud that is acutely reflective of its own experience Taking the three migration waves of Cubans to the United States as a historical background to his own story the author details the continuing rift between Havana and Miami and the shaping in the light of globalization and post socialism of a Cuban national split which has obvious consequences for both countries
