Cuba The Unfinished Revolution:

Cuba, the Unfinished Revolution Enrique G. Encinosa, 1988 A collection of personal narratives which give a firsthand account of the rebellion against the Fidel Castro regime

Antiracism in Cuba Devyn Spence Benson, 2016-04-05 Analyzing the ideology and rhetoric around race in Cuba and south Florida during the early years of the Cuban revolution Devyn Spence Benson argues that ideas stereotypes and discriminatory practices relating to racial difference persisted despite major efforts by the Cuban state to generate social equality Drawing on Cuban and U S archival materials and face to face interviews Benson examines 1960s government programs and campaigns against discrimination showing how such programs frequently negated their efforts by reproducing racist images and idioms in revolutionary propaganda cartoons and school materials Building on nineteenth century discourses that imagined Cuba as a raceless space revolutionary leaders embraced a narrow definition of blackness often seeming to suggest that Afro Cubans had to discard their blackness to join the revolution This was and remains a false dichotomy for many Cubans of color Benson demonstrates While some Afro Cubans agreed with the revolution s sentiments about racial transcendence not blacks not whites only Cubans others found ways to use state rhetoric to demand additional reforms Still others finding a revolution that disavowed blackness unsettling and paternalistic fought to insert black history and African culture into revolutionary nationalisms Despite such efforts by Afro Cubans and radical government sponsored integration programs racism has persisted throughout the revolution in subtle but lasting ways

Cuba's Revolutionary World Jonathan C. Brown, 2017-04-24 As Castro s democratic reform movement veered off course a revolution that seemed to signal the death knell of dictatorship in Latin America brought about its tragic opposite Jonathan C Brown examines in forensic detail how the turmoil that rocked a small Caribbean nation in the 1950s became one of the century s most transformative events

Operation Pedro Pan and the Exodus of Cuba's Children Deborah Shnookal, 2022-06-28 This in depth examination of one of the most controversial episodes in U S Cuba relations sheds new light on the program that airlifted 14 000 unaccompanied children to the United States in the wake of the Cuban Revolution Operation Pedro Pan is often remembered within the U S as an urgent rescue mission but Deborah Shnookal points out that a multitude of complex factors drove the exodus including Cold War propaganda and the Catholic Church s opposition to the island s new government Shnookal illustrates how and why Cold War scare tactics were so effective in setting the airlift in motion focusing on their context the rapid and profound social changes unleashed by the 1959 Revolution including the mobilization of 100 000 Cuban teenagers in the 1961 national literacy campaign Other reforms made by the revolutionary government affected women education religious schools and relations within the family and between the races Shnookal exposes how in its effort to undermine support for the revolution the U S government manipulated the aspirations and insecurities of more affluent Cubans She traces the parallel stories of the young Pedro Pans separated from their families in some cases indefinitely in what is often regarded in Cuba as a mass kidnapping and the children who stayed and joined the

literacy brigades These divergent journeys reveal many underlying issues in the historically fraught relationship between the U S and Cuba and much about the profound social revolution that took place on the island after 1959 Publication of the paperback edition made possible by a Sustaining the Humanities through the American Rescue Plan grant from the National Endowment for the Humanities
