Different Voices:

The Bible's Many Voices Michael Carasik,2014-01-01 The most common English translations of the Bible often sound like a single somewhat archaic voice In fact the Bible is made up of many separate books composed by multiple writers in a wide range of styles and perspectives It is as Michael Carasik demonstrates not a remote text reserved for churches and synagogues but rather a human document full of history poetry politics theology and spirituality Using historic linguistic anthropological and theological sources Carasik helps us distinguish between the Jewish Bible s voices the mythic the historical the prophetic the theological and the legal By articulating the differences among these voices he shows us not just their messages and meanings but also what mattered to the authors In these contrasts we encounter the Bible anew as a living work whose many voices tell us about the world out of which the Bible grew and the world that it created **Many voices [by M. Tollemache]**. Mrs. Marguerite Tollemache,1883 *Voice in Political Discourse* Antonio Reyes,2011-10-13 Politicians enact three main roles in political discourse narrator interlocutor and character to achieve specific goals This book explains these roles and how they constitute discursive strategies correlating with political aims In short politicians evoke voices in discourse to strategically position themselves in relation to social actors and events The book describes these strategies and analyzes the manner in which they are employed by three very different politicians Fidel Castro Hugo Chavez and George W Bush The roles are studied cross culturally and from different ideological backgrounds This book explains how political ideologies are constructed defined and redefined by linguistic means showing specific ways in which politicians manipulate language to achieve the goals on their political agenda It applies new methodological approaches to the analysis of political discourse and also contributes to the sparse literature on political discourse analysis of Spanish speaking politicians **Giving and Taking Voice in Learning Disabled Theatre** Tony McCaffrey,2023-04-26 Giving and Taking Voice in Learning Disabled Theatre offers unique insight into the question of voice in learning disabled theatre and what is gained and lost in making performance It is grounded in the author s 18 years of making theatre with Different Light Theatre company in Christchurch New Zealand and includes contributions from the artists themselves This book draws on an extensive archive of performer interviews recordings of rehearsal processes and informal logs of travelling together and sharing experience These accounts engage with the practical aesthetics of theatre making as well as their much wider ethical and political implications relevant to any collaborative process seeking to represent the under or un represented Giving and Taking Voice in Learning Disabled Theatre asks how care and support can be tempered with artistic challenge and rigour and presents a case for how listening learning disabled artists to speech encourages attunement to indigenous knowledge and the cries of the planet in the current socio ecological crisis This is a vital and valuable book for anyone interested in learning disabled theatre either as a performer director dramaturg critic or spectator **Text, Speech and Dialogue** Petr Sojka,Ivan Kopecek,Karel Pala,2004-08-30 This volume contains the Proceedings of the 7th International Conference on Text

Speech and Dialogue held in Brno Czech Republic in September 2004 under the auspices of the Masaryk University This series of international conferences on text speech and dialogue has come to constitute a major forum for presentation and discussion not only of the latest developments in academic research in these fields but also of practical and industrial applications Uniquely these conferences bring together researchers from a very wide area both intellectually and geographically including scientists working in speech technology dialogue systems text processing lexicography and other related fields In recent years the conference has developed into a primary meeting place for speech and language technologists from many different parts of the world and in particular it has enabled important and fruitful exchanges of ideas between Western and Eastern Europe TSD 2004 offered a rich program of invited talks tutorials technical papers and poster sessions as well as workshops and system demonstrations A total of 78 papers were accepted out of 127 submitted contributed altogether by 190 authors from 26 countries Our thanks as usual go to the Program Committee members and to the external reviewers for their conscientious and diligent assessment of submissions and to the authors themselves for their high quality contributions We would also like to take this opportunity to express our appreciation to all the members of the Organizing Committee for their tireless efforts in organizing the conference and ensuring its smooth running
