Harrison, 2017-10-10 Is a woman's writing different from a man's Many scholars and readers think so even though here has been little examination of the way women's novels enact the theories that women theorists have posited In *Jean Rhys and the Novel as Women's Text* Nancy Harrison makes an important contribution to the exchange of ideas on the writing practice of women and to the scholarship on Jean Rhys Harrison determines what the form of a well made women's novel discloses about the conditions of women's communication and the literary production that emerges from them Devoting the first part of her book to theory and general commentary on Rhys's approach to writing she then offers perceptive readings of *Voyage in the Dark* an early Rhys novel and *Wide Sargasso Sea* Rhys's masterpiece written twenty seven years later She shows how Rhys uses the terms of a man's discourse then introduces a woman's or several women's discourse as a compelling counterpoint that in time becomes prominent and gives each novel its thematic impact In presenting a continuing dialogue with the dominant language and at the same time making explicit the place of a woman's own language Rhys gives us a paradigm for a new and basically moral text Originally published in 1988 A UNC Press Enduring Edition UNC Press Enduring Editions use the latest in digital technology to make available again books from our distinguished backlist that were previously out of print These editions are published unaltered from the original and are presented in affordable paperback formats bringing readers both historical and cultural value *The novels and other writings of Lyof N.
