Tyler,2008-04-14 This book provides an honest assessment of the contemporary relationship between Western and Islamic cultures and puts forth the cross cultural idea of tolerance as one invaluable approach for affecting peaceful coexistence

The Objectives of Islamic Law Rumea Ahmed,Idris Nassery,Muna Tatari,2020-07-06 Scholars thinkers and activists around the world are paying increasing attention to a legal reform method that promises to revolutionize the way people think about Islamic law Known as The Objectives of the Shari a maqa id al shari a the theory offers a way to derive and apply new Islamic laws using an ancient methodology The theory identifies core objectives that underlie Islamic law and then looks at inherited Islamic laws to see whether they meet those objectives According to the maqa id theory historical Islamic laws that meet their objectives should be retained and those that do not no matter how entrenched in practice or embedded in texts should be discarded or reformed Recently several scholars have questioned the maqa id theory arguing that it is designed not to reform laws but to support existing power structures They warn that adopting the maqa id wholesale would set the reform project back ensuring that inherited Islamic laws are never fully reformed to agree with contemporary values like gender egalitarianism and universal human rights

The Objectives of Islamic Law The Promises and Challenges of the Maqa id al Shari a captures the ongoing debate between proponents and skeptics of the maqa id theory It raises some of the most important issues in Islamic legal debates today and lays out visions for the future of Islamic law *Eastern and Western Conceptions of Human Rights* Sanja Ivic,2026-01-08 This book explores Western and non Western conceptions of human dignity and human rights in order to demonstrate the hermeneutical nature of the concepts of human dignity and human rights

Islamic Views on Human Rights Ismā'īl Salāmī,2001 *What Is a Person?* Christian Smith,2010 The task of understanding human beings what we ourselves are our constitution and condition is a perennial problem in philosophy and related disciplines Smith argues here that our understanding of human persons is threatened by technological development and capricious academic theories alike seeking to deny or relativize the personhood of humanity

Smith's book puts a stake in the ground in defense of a view of the human that is genuinely humanistic in the traditional sense and capable of sustaining with intellectual coherence things like modern human rights and universal benevolence

Wakf Publication: Islamic Perspective on Human Dignity and Wellbeing Wazir Khan, 2018-10-18 Islam holds that moral qualities and good actions elevate the dignity and status of a man. The Quran and the Sunnah serve as the primary source of moral and ethical guidance in Islamic theology. Both the Quran and the hadith often speak in emphatic manners to instruct the Muslims to adopt a morally good character and extend due dignity to other human beings. In particular, respecting parents and elders, having love for the younger, greeting people in correct manner, showing kindness to fellow people, caring for the sick, speaking the truth, and avoiding rude and false speech have been greatly emphasized. The human dignity in Islam centres on three fundamental points, namely: a) self-respect, b) respect for the dignity of others, and c) the forbidding of torture and inhuman and degrading treatments. Self-respect manifests itself in the fulfilment of duties towards Allah SWT and fellow human beings. Respect for dignity is not limited to one's self but it also covers that for others with no distinction whatsoever, not even toward the enemy. Torture and inhuman and degrading treatments are forbidden in Islam. Thus, in the penal code, for example, no confession may be extorted through force or violence. And the forbidding of torture is not limited in Islam to men but it also includes animals. The above aspects of human dignity and well-being are discussed in detail in this book. This book consists of fourteen (14) chapters. Chapter 1 consists of Introduction. Chapter 2 consists of Human Dignity Explained. Chapter 3 consists of Affirmation of Human Dignity and Wellbeing in the Quran. Chapter 4 consists of Allah's Love for Humanity: Demonstrating Human Dignity and Wellbeing. Chapter 5 consists of the Physical and Spiritual Nobility of Man with Respect to Human Dignity and Wellbeing. Chapter 6 consists of Spiritual and Physical Health of Man towards His Dignity and Wellbeing and includes Introduction, First Pillar of Islam: Faith, Second Pillar of Islam: Prayer, Third Pillar of Islam: Zikah (Charity), Fourth Pillar of Islam: Fasting in the Month of Ramadhan, Fifth Pillar of Islam: Hajj, and Concluding Remarks. Chapter 7 consists of Human Dignity with Respect to the Sacredness of Human Life. Chapter 8 consists of Need for Equality, Freedom, and Accountability for Human Dignity and Wellbeing. Chapter 9 consists of Dignity and Wellbeing with Respect to Social Responsibility and Fraternity. Chapter 10 consists of Universality of Human Rights with Respect to Human Dignity and Wellbeing and includes Introduction, Dignity, Equality, and Freedom, Entitlement of Justice and Equality before the Law, and Concluding Remarks. Chapter 13 consists of Failure of Contemporary Muslim World to Uphold Human Dignity and Wellbeing. Chapter 14 consists of Summary and Conclusion. The book is supported with Bibliography.
