## **Dilemmas In Economic Theory Persisting Foundational Problems Of Microeconomics:**

Dilemmas in Economic Theory Michael Mandler, 1999 This text compares the economic theory of the early neoclassical economists with the theory of value of the post World War II period and in particular the Arrow Debreu model of general equilibrium It argues that many of the problems faced in the early part of the century that led in many cases to revolutions in the 1930s and 40s have not been successfully resolved by later theoretical work Dilemmas in Economic Theory : Persisting Foundational Problems of Microeconomics Michael Mandler Associate Professor of Economics Harvard University, 1999-01-29 By examining the development of economics in the 20th century this book argues that the breakthroughs of post WWII general equilibrium theory and its rejection of utilitarianism and marginal productivity have been misunderstood Mandler maintains that although earlier neoclassicism deserved criticism current theory does not adequately address the problems the discarded concepts were designed to solve and that intractable dilemmas therefore appear *Dilemmas in Economic theory ...* Mandler, 19?? **The Flawed Foundations of General Equilibrium Theory** Frank Ackerman, Alejandro Nadal, Kevin P. Gallagher, 2004-06-24 This book as the title suggests explains how General equilibrium the dominant conceptual framework in mainstream economics describes a perfectly impossible world Even with its counterfactual assumptions taken for granted it fails on many levels Under the impressive editorship of Ackerman and Nadal this book will appeal to students and resear **Economics for Real** Aki Lehtinen, Jaakko Kuorikoski, Petri Ylikoski, 2013-06-17 This book provides the first comprehensive and critical examination of M ki s realist philosophy of economics *The Marginal Productivity Theory of Distribution* John Pullen, 2009-06-26 John Pullen presents a critical history of the concept of the Marginal Profit Theory of Distribution looking at the contributions of its proponents eg Stigler and its critics eg Pareto and stressing the continuity of the debate *The Oxford Handbook of Philosophy of Economics* Harold Kincaid, Don Ross, 2009-03-06 The Oxford Handbook of Philosophy of Economics is a cutting edge reference work to philosophical issues in the practice of economics It is motivated by the view that there is more to economics than general equilibrium theory and that the philosophy of economics should reflect the diversity of activities and topics that currently occupy economists Contributions in the Handbook are thus closely tied to ongoing theoretical and empirical concerns in economics Contributors include both philosophers of science and economists Chapters fall into three general categories received views in philosophy of economics ongoing controversies in microeconomics and issues in modeling macroeconomics and development Specific topics include methodology game theory experimental economics behavioral economics neuroeconomics computational economics data mining interpersonal comparisons of utility measurement of welfare and well being growth theory and development and microfoundations of macroeconomics The Oxford Handbook of Philosophy of Economics is a groundbreaking reference like no other in its field It is a central resource for those wishing to learn about the philosophy of economics and for those who actively engage in the discipline from advanced undergraduates to professional

philosophers economists and historians      **Modern Social Contract Theory** Albert Weale,2020-06-10 Modern Social Contract Theory provides an exposition and evaluation of major work in social contract theory from 1950 to the present It locates the central themes of that theory in the intellectual legacy of utilitarianism particularly the problems of defining principles of justice and of showing the grounds of moral obligation It demonstrates how theorists responded in a novel way to the dilemmas articulated in utilitarianism developing in their different approaches a constructivist method in ethics a method that aimed to vindicate a liberal democratic and just political order A distinctive feature of the book is its comparative approach By placing the works of Barry Buchanan and Tullock Harsanyi Gauthier Grice Rawls and Scanlon alongside one another similarities and differences are brought out most notably in the way in which principles are derived by each author from the contractual construction as well as the extent to which the obligation to adopt those principles can be rationally grounded Each theory is placed in its particular intellectual context Special attention is paid to the contrasting theories of rationality adopted by the different authors whether that be utility theory or a deliberative conception of rationality with the intention of assessing how far the principles advanced can be justified by reference to the hypothetical choices of rational contracting agents The book concludes with a discussion of some principal objections to the enterprise of contract theory and offers its own programme for the future of that theory taking the form of the empirical method

**Economics** ,1999      **The Economics of Resource Allocation in Health Care** Andrea Klonschinski,2016-03-31 The question of how to allocate scarce medical resources has become an important public policy issue in recent decades Cost utility analysis is the most commonly used method for determining the allocation of these resources but this book counters the argument that overcoming its inherent imbalances is simply a question of implementing methodological changes The Economics of Resource Allocation in Health Care represents the first comprehensive analysis of equity weighting in health care resource allocation that offers a fundamental critique of its basic framework It offers a critique of health economics putting the discourse on economic evaluation into its broader socio political context Such an approach broadens the debate on fairness in health economics and ties it in with deeper rooted problems in moral philosophy Ultimately this interdisciplinary study calls for the adoption of a fundamentally different paradigm to address the distribution of scarce medical resources This book will be of interest to policy makers health care professionals and post graduate students looking to broaden their understanding of the economics of the health care system      *The American Economic Review* ,2001      *The Journal of Economic Perspectives* ,1998 This journal attempts to fill a gap between the general interest press and other academic economics journals Its articles relate to active lines of economics research economic analysis of public policy issues state of the art economic thinking and directions for future research It also aims to provide material for classroom use and to address issues relating to the economics profession      **Journal of Economic Literature** ,2001      [Agreement on Demand](#) Philip Mirowski,D. Wade Hands,2006 While the theory of demand that consumers buy more as prices fall and buy less as they

rise is decidedly uncontroversial in mainstream economics the absence of controversy belies the theory's contentious and complicated history This volume provides a better understanding of the history of demand theory and its relationship to major theoretical developments in twentieth century microeconomics Contributors investigate demand theory as it stabilized in the first half of the twentieth century by examining the Hicks Allen composite commodity French mathematician Jean Ville's contribution to consumption theory Walrasian theories of markets with adverse selection and the Sonnenschein Mantel Debreu theorem They analyze the relationship between demand theory and both the broader program of neoclassical economics and developments within contemporary economic theory This volume demonstrates that demand theory is more complicated than it is generally imagined to be Contributors H Spencer Banzhaf John S Chipman Manuel Fernandez Grela Francois Gardes Pierre Garrouste J Daniel Hammond D Wade Hands Alan Kirman Kyu Sang Lee Jean S bastien Lenfant Philip Mirowski S Abu Turab Rizvi Maarten Pieter Schinkel Esther Mirjam Sent Shyam Sunder Fernando Tohm
