Die Staats Und Soziallehre Des Heiligen:

Die Staats- und Soziallehre des hl. Augustinus Otto Schilling, 1910 Die Staats- und Soziallehre des heiligen Thomas von Aquin Otto Schilling, 1930 Augustine and Modern Law James Bernard Murphy, 2017-07-05 St Augustine and Roman law are the two bridges from Athens and Jerusalem to the world of modern law Augustine s almost eerily modern political realism was based upon his deep appreciation of human evil arising from his insights into the human personality the product of his reflections on his own life and the history of his times These insights have traveled well through the ages and are mirrored in the pages of Aquinas Luther and Calvin Reinhold Niebuhr and Hannah Arendt The articles in this volume describe the life and world of Augustine and the ways in which he conceived both justice and law They also discuss the little recognized Augustinian contributions to the field of modern hermeneutics the discipline which informs the art of legal interpretation Finally they include Augustine s valuable discussion of church state relations the law of just wars and proper role and limits of coercion and the procreative dimensions of marriage The volume also includes an extremely useful definitive bibliography of Augustine and the law and will leave readers with an increased appreciation of the contributions which Augustine has made to the history of jurisprudence No one can read Augustine and these articles on his view of the law without taking away a new view of the law itself Land and Lordship Otto Brunner, 2015-07-28 Otto Brunner contends that prevailing notions of medieval social and constitutional history had been shaped by the nineteenth century nation state and its liberal order Whereas a sharp distinction between the public and the private might be appropriate to descriptions of contemporary society such a dichotomy could not be projected back onto the Middle Ages Focusing particularly on forms of lordship in late medieval Austria Brunner found neither a state in the modern sense nor any distinction between the public and private spheres Behind the apparent disorder of late medieval political life however Brunner discovered a coherent legal and constitutional order rooted in the the rights and obligations of noble lordship In carefully reconstructing this order Brunner s study weaves together social legal constitutional and intellectual history *Singers in Late Byzantine and Slavonic Painting* Moran, 1986-12 **Saeculum** R. A. Markus, Robert Austin Markus, 1988 The main concern of this book is with those aspects of Augustine s thought which help to answer questions about the purpose of human society

Volkswohl , 1925 **Bulletin of the British Library of Political and Economic Science** British Library of Political and Economic Science, 1926 *Annual Bulletin of Historical Literature* , 1927 **Consent, Coercion and Limit** Arthur P. Monahan, 2023-08-21 The concepts of popular consent and limit as applied to the exercise of political authority are fundamental features of parliamentary democracy Both these concepts played a role in medieval political theorizing although the meaning and significance of political consent in this thought has not been well understood In a careful scholarly and readable survey of the major political texts from Augustine to Ockham Arthur Monahan analyses the contribution of medieval thought to the development of these two concepts and to the correlative concept of coercion In addition he deals with the

development of these concepts in Roman and canon law and in the practices of the emerging states of France and England and the Italian city states as well as considering works in legal and administrative theory and constitutional documents In each case his interpretations are placed in the wider context of developments in law church and administrative reforms The result is the first complete study of these three crucial terms as used in the Middle Ages as well as an excellent summary of work done in a number of specialized fields over the last twenty five years Political Science Quarterly Columbia University. Faculty of Political Science,1916 Vols 4 38 40 41 include Record of political events Oct 1 1888 Dec 31 1925 issued as a separately paged supplement to no 3 of v 31 38 and to no 1 of v 40 *Joseph von Görres' sozialphilosophische Anschauung* Charlotte Bieler,1927 **The City of God** Dorothy F. Donnelly,1995 This work presents a diverse and transdisciplinary collection of essays on Augustine s *The City of God* written by some of the most well known Augustinian scholars The volume is divided into three sections In the first Political Thought the authors discuss different issues concerning the political ideas presented in *The City of God* The second section Literature and Language focuses on studies dealing with literary and linguistic aspects of the work The third section Philosophy and Theology analyzes Augustine s views in *The City of God* on subjects ranging from the idea of progress to Neoplatonism and from the origin of society to the role of political authority A complete list of writings by Augustine as well as a general bibliography are included **Mitteilungen aus der historischen Literatur** Historische Gesellschaft zu Berlin,1911 **Gesellschaft, Wirtschaft, Wohnungswirtschaft** Helmut Walter Jenkis, Werner Wilhelm Engelhardt, Theo Thiemeyer,Werner Wilhelm Engelhardt,Theo Thiemeyer,1987-11-30 **Literarisches Zentralblatt für Deutschland** ,1930 **Sacramentum Mundi: an Encyclopedia of Theology** Karl Rahner,1970 *Die Staats- und Soziallehre des heiligen Thomas von Aquin.
