Die Umsiedler Prosastudie:

Collected Early Fiction, 1949-1964: Collected novellas Arno Schmidt, 1994 The novella was Schmidt's preferred form at the beginning of his writing career and this volume collects the ten novellas he wrote between Entymesis 1949 and Republica Intelligentsia 1957 The settings range from ancient Greece to 21st Century America but all react to the stifling conservatism and cold prudery of Adenauer Germany Bursting with intellectual and sexual energies resuscitating the German language after two decades of Nazi subjugation these novellas revolutionized German literature in the 1950s and retain their power to shock and delight forty years later Schmidt has been called a giant of the modernist tradition an enormously important talent in the fictional line of cruel comedy that runs from Rabelais through Swift and Joyce New York Review of Books This edition of his collected fiction should restore Schmidt to his rightful place at the forefront of 20th century writing Seelenarbeit an Deutschland, 2016-08-09 The last decade has undoubtedly been the most controversial in the long literary career of Martin Walser This volume presents a review of this career going far beyond short lived arguments to present an insightful overview of much of his work It considers not only major aspects of his writing covering both his literary beginnings and the most recent works but also different previously neglected features of his persona and his writing namely his activity as a university teacher and his art criticism In addition fruitful comparisons are made with other writers such as Proust Grass and Uwe Johnson At the same time recent controversies are also considered with major attention being paid to Walser's public speeches and those works of fiction which have been seen by some as demanding the end of German self recriminations over the Nazi past This volume is unique in that much space is devoted to both sides of the argument It will provide stimulating reading to all those interested in Germany and German literature **Catalog of Copyright Entries.
