Randall Jarrell on W. H. Auden Stephanie Burt,1882 To read Randall Jarrell on W H Auden is to read the best equipped of American critics of poetry of the past century on the best equipped of its Anglo American poets and we rush to read perhaps less out of an academic interest in fair judgment than out of a spectator s love of virtuosity in flight From Adam Gopnik s foreword Randall Jarrell was one of the most important poet critics of the past century and the poet who most fascinated and infuriated him was W H Auden In Auden Jarrell found a crucial poetic influence that needed to be both embraced and resisted During the 1940s Jarrell wrestled with Auden s work writing a series of notorious articles on Auden that remain admired and controversial examples of devoted and contentious criticism While Jarrell never completed his proposed book on Auden these previously unpublished lectures revise and reprise his earlier articles and present new insights into Auden s work Delivered at Princeton University in 1951 and 1952 Jarrell s lectures reflect a passionate appreciation of Auden s work a witty attack from an informed opponent and an important document of a major poet s reception Jarrell s lectures offer readings of many of Auden s works including all of his long poems and illuminate his singular use of a variety of stylistic registers and poetic genres In the lecture based on the article Freud to Paul Jarrell traces the ideas and ideologies that animated and at times overwhelmed Auden s poetry More precisely he considers the influence

of left liberal politics psychoanalytic and evolutionary theory and the idiosyncratic Christian theology that characterized Auden's poems of the 1940s While an admiring and sympathetic reader Jarrell does not avoid identifying Auden's poetic failures and political excesses He offers occasionally blistering assessments of individual poems and laments Auden's turn from a cryptic feeling impassioned poet to a rhetorical self-conscious one Stephen Burt's introduction provides a backdrop to the lectures and their reception and importance for the history of modern poetry *Zoologische Jahrbücher*, 1902
