## **Different Minds:**

**Representation and the Mind-Body Problem in Spinoza** Michael Della Rocca, 1996-11-21 This first extensive study of Spinoza's philosophy of mind concentrates on two problems crucial to the philosopher's thoughts on the matter: the requirements for having a thought about a particular object and the problem of the mind's relation to the body. Della Rocca contends that Spinoza's positions are systematically connected with each other and with a principle at the heart of his metaphysical system: his denial of causal or explanatory relations between the mental and the physical. In this way, Della Rocca's exploration of these two problems provides a new and illuminating perspective on Spinoza's philosophy as a system.

The Buddhist Theory of Self-Cognition Zhihua Yao, 2012-09-10 This highly original work explores the concept of self-awareness or self-consciousness in Buddhist thought. Its central thesis is that

the Buddhist theory of self cognition originated in a soteriological discussion of omniscience among the Mahasamghikas and then evolved into a topic of epistemological inquiry among the Yogacarins To illustrate this central theme this book explores a large body of primary sources in Chinese Pali Sanskrit and Tibetan most of which are presented to an English readership for the first time It makes available important resources for the study of the Buddhist philosophy of mind *Idealism (Routledge Revivals)* Alfred Ewing,2013-02-01 First published in 1934 this book evaluates the characteristic doctrines of the idealism which dominated philosophy during the last century It seeks to combine realism as to epistemology and physical objects with a greater appreciation of views which emphasize the unity and rationality of the universe This work is not a history and does not try to compete with any histories of idealism but it instead reaches an independent conclusion on certain philosophical problems by criticising what others have said The book considers differing arguments in order to determine their validity **Journal of Philosophy, Psychology and Scientific Methods** ,1922 *Man and the Cosmos* Joseph Alexander Leighton,1922 **The Northwestern Reporter** ,1919 **Supreme Court Appellate Term-First Judicial Department** , **The South Western Reporter** ,1904 Includes the decisions of the Supreme Courts of Missouri Arkansas Tennessee and Texas and Court of Appeals of Kentucky Aug Dec 1886 May Aug 1892 Court of Appeals of Texas Aug 1892 Feb 1893 Jan Feb 1928 Courts of Civil and Criminal Appeals of Texas Apr June 1896 Aug Nov 1907 Court of Appeals of Indian Territory May June 1927 Jan Feb 1928 Courts of Appeals of Missouri and Commission of Appeals of Texas *Lectures on the philosophy of Kant, and other philosophical lects. & essays [ed. by J.
