Hollywood Online Ian London,2024-03-07 Hollywood Online provides a historical account of motion picture websites from 1993 to 2008 and their marketing function as industrial advertisements for video and other media in the digital age The Blair Witch Project is the most important example of online film promotion in cinema history Over the last thirty years only a small number of major and independent distributors have converted internet created buzz into box office revenues with similar levels of success Yet readings of how the film s internet campaign broke new ground in the summer of 1999 tend to minimize overlook or ignore the significance of other online film promotions Similarly claims that Blair initiated a cycle of imitators have been repeated in film publications and academic studies for more than two decades This book challenges three major narratives in studies about online film marketing Hollywood s major studios and independents had no significant relationship to the internet in the 1990s online film promotions only took off after 1999 because of Blair and Hollywood cashed in by initiating a cycle of imitators and scaling up corporate activities online Hollywood Online tests these assumptions by exploring internet marketing up to and including the film s success online Pre Blair 1993-9 then by examining the period immediately after Blair Post Blair 2000-8 which broadly coincides with the rise and decline of DVD as well as the emergence of the social media sites MySpace Facebook and Twitter

Rooted Stephen C. Shaffer,2022-06-07 In a rootless world we long for a place where we find peace rest and belonging The soil of our society is not particularly well suited for growing deep roots of character and Christian identity The consistent pattern of uprooting our lives and families for a new job a new opportunity a new church has left our roots damaged our friendships weak and our souls drained We long for a place where we are known loved and even challenged to live more fully The longing for home for place for rootedness is ultimately a longing for Jesus Wrestling with the biblical themes of land and exile *Rooted Growing in Christ in a Rootless Age* is a call to grow more at home in our true home Jesus Christ Walking along with Israel from Eden through the Exodus to the Exile Stephen C Shaffer shows how God both rooted and uprooted his people so that they would find their identity and center in God
