*Illusion and Disillusion* John F. Crosby,1985      *Rediscovering America* Peter Duus,Kenji Hasegawa,2011-08-20

Rediscovering America makes available in English for the first time a varied sampling of writings about the United States by Japanese observers from many different walks of life Robert Tierney author of *Tropics of Savagery* *The Culture of Japanese Empire in Comparative Frame* Rediscovering America is a splendid collection of Japanese writings on the American century covering the period from 1868 to 1989 from the Meiji to the Showa eras in Japanese calendar Many of the issues raised by the authors are still heard today Akira Iriye author of *Across the Pacific An Inner History of American East Asian Relations*

*Great Britain and the East; Far East* ,1914      *Edwardian Bloomsbury* S. Rosenbaum,2016-07-27 This is the second volume of a formidable enterprise and part of a series of publications by the same author that may entitle him to the position as the leading scholar of the Bloomsbury Group Rosenbaum has managed to write with freshness and insight about Forster's novels no matter how much they have been analyzed before The next volume will deal with the effect of that exhibition upon the Group's writing and much more I am sure of its early literary history The work is eagerly awaited Peter Stankys *English Literature in Transition 1880 1920* Edwardian Bloomsbury is a continuation of the early literary history of the Bloomsbury Group begun with Victorian Bloomsbury but it can also be read independently as an account of the Group's interrelated writings during the first decade of the twentieth century      **Fools and Heroes** Peter Hruby,2013-10-22

*Fools and Heroes* The Changing Role of Communist Intellectuals in Czechoslovakia details two crucial years of 1948 and 1968 that marked the climax of contradictory developments namely the acceptance and repudiation of Soviet ideology and statecraft Organized into three parts this book begins with the class struggle and moral problems in Czechoslovakia Subsequent part explores the economic problems and social history of the nation The search for truth in terms of history philosophy and politics is also addressed      Trajectories through Knowledge Space Lawrence A. Bookman,2012-12-06

As any history student will tell you all events must be understood within their political and sociological context Yet science provides an interesting counterpoint to this idea since scientific ideas stand on their own merit and require no reference to the time and place of their conception beyond perhaps a simple citation Even so the historical context of a scientific discovery casts a special light on that discovery a light that motivates the work and explains its significance against a backdrop of related ideas The book that you hold in your hands is unusually adept at presenting technical ideas in the context of their time On one level Larry Bookman has produced a manuscript to satisfy the requirements of a PhD program If that was all he did my preface would praise the originality of his ideas and attempt to summarize their significance But this book is much more than an accomplished dissertation about some aspect of natural language it is also a skillfully crafted tour through a vast body of computational linguistic neurophysiological and psychological research      **The Palestine Weekly** ,1924      **Light** ,1917      *Proceedings of the*

*High School Conference of ...* ,1928      Lorca's Romancero Gitano Herbert Ramsden,1988      *The Japan Daily Mail* ,1908

*The Early Literary History of the Bloomsbury Group: Edwardian Bloomsbury* Stanford Patrick Rosenbaum,1994

**Paperbound Books in Print** ,1983      Proceedings of the High School Conference of November 1910-November 1931

,1929      Exploring Middle-Class Women in Deshpande's Novels Dr. Vandana Gupta ,2025-01-29 This book is a brilliant reflection of Shashi Deshpande s thoughts and feelings The efforts she made to shape her characters are clearly shown in this book Her free ideas on how she became a pioneer in reforming the lives of women especially middle class women are evident Her exploration of the compromises between husband and wife is also described in this book She uses mythology and the greatness of Hinduism to further her narrative The major characters their efforts and the messages they convey are central to the aim of this book This book is a message from the characters of Shashi Deshpande and reflects her novels
