

# BLUE CAP CASE STUDY

How Blue Cap used Network's Social Tracking Tool to Make their B2B Conversions Skyrocket!

## OVERVIEW

Conversions and engagement have been generated for B2B brands as another channel where the phrase "If you build it, they will come" was thought to apply. Reality: If you created something great, people will just drive to it for its goodness. But we know that's not true today, not even in 2017.

To achieve our goal of reaching a highly specific target audience, we decided to combine Network's Sponsored Updates and Audience Discovery Targeting with our own proprietary social audience tools.

This approach helped us reach the business-minded professionals we needed to, for the most sharing and comments that went toward any initial conversations with the right contacts.

"As a Certified Ad Partner, we've seen up close how Network ads attain outstanding results for client advertising strategies. So, when we decided to run our own campaign focused on generating high-quality B2B leads, adding the power of Network's Sponsored Updates to our own real-time tracking technology was a step forward for us."

- **Renata Fitzgerald** Vice President, Marketing @ Blue Cap
