Meredith Blackburn,1989 A title subject author and first line index to poetry in collections for children and young people **Science Fiction and Fantasy Reference Index, 1985-1991** Halbert W. Hall,1993 *The Hobbit and Tolkien's Mythology* Bradford Lee Eden,2014-09-24 At the 2013 Celebrating The Hobbit conference at Valparaiso University marking the 75th anniversary of the book s publication and the first installment of Peter Jackson s Hobbit movies two plenary papers were presented Anchoring the Myth The Impact of The Hobbit on Tolkien s Legendarium by John D Rateliff provided numerous examples of The Hobbit s influence on Tolkien s legendarium and Tolkien s French Connections by Verlyn Flieger discussed French influences on the development of Bilbo Baggins and his adventures In discussions with the plenary speakers and other presenters it became apparent that a book focusing on how The Hobbit influenced the subsequent development of Tolkien s legendarium was sorely needed This collection of 15 previously unpublished essays fills that need With Rateliff s and Flieger s papers included the book presents two chapters on the Evolution of the Dwarven Race two chapters on Durin s Day examining the Dwarven lunar calendar and 11 chapters on

themes exploring various topics on influences and revisions between The Hobbit and Tolkien's legendarium **D. H. Lawrence** Paul Poplawski, 1996-06-24 D. H. Lawrence remains one of the most popular and studied authors of the 20th century. This book is a comprehensive but easy to use reference guide to Lawrence's life works and critical reception. The volume has been systematically structured to convey a coherent overall sense of Lawrence's achievement and critical reputation but it is also designed to enable the reader who may be interested in only one aspect of Lawrence's career perhaps even in only one of his novels or stories to find relevant information quickly and easily without having to read other parts of the text. The book begins with an original biography by John Worthen one of the world's foremost authorities on Lawrence's life and work. The chapters that follow provide separate entries for all of Lawrence's works except for individual poems and paintings with critical summaries, discussions of characters and details of settings. There is also a complete overview of Lawrence and film with the most complete listing available of film adaptations of his works and of criticism relating to them. Each section of the book provides comprehensive primary and secondary bibliographical data including citations for the most recent scholarly studies. Maps and chronologies further trace Lawrence's travels and his development over time. **Chases' Calendar of Annual Events**, 1983 **Mythprint**, 1998 *Oxford University Calendar*, 1983 **Oxford's Sedleian Professors of Natural Philosophy** Christopher Hollings, Mark McCartney, 2023-11-01 Established in the early seventeenth century following a bequest to the university by Sir William Sedley Oxford's Sedleian Professorship of Natural Philosophy is one of the university's oldest professorships. In common with other such positions established around this time such as the Savilian Professorships of Geometry and Astronomy for example its purpose was to provide centrally organised lectures on a specific subject. While the Professorship is now a high profile research post in applied mathematics it has previously been held by physicians, an astronomer and several people in the eighteenth century whose credentials in natural philosophy are much less clear. This edited volume traces the varied history of the chair through the first four centuries of its existence combining specialised contributions from historians of medicine, of science, of mathematics and of universities together with personal reminiscences of some of the more recent holders of the post. *The British Library General Catalogue of Printed Books 1976 to 1982* British Library, 1983 **Chase's Calendar of Events 2003** Chase's Editors, Contemporary Books, 2002-09 For almost 50 years this calendar has answered who, what, where and when for professionals who need to know such as event planners, broadcasters, librarians and advertisers.
