American Book Publishing Record ,1998 The Post-Apocalyptic Novel in the Twenty-First Century H. Hicks,2016-04-08
Since the beginning of the twenty first century major Anglophone authors have flocked to a literary form once considered lowbrow genre fiction the post apocalyptic novel Calling on her broad knowledge of the history of apocalyptic literature Hicks examines the most influential post apocalyptic novels written since the beginning of the new millennium including works by Margaret Atwood David Mitchell Cormac McCarthy Jeanette Winterson Colson Whitehead and Paolo Bacigalupi Situating her careful readings in relationship to the scholarship of a wide range of historians theorists and literary critics she argues that these texts use the post apocalyptic form to reevaluate modernity in the context of the new century s political economic and ecological challenges In the immediate wake of disaster the characters in these novels desperately scavenge the scraps of the modern world But what happens to modernity beyond these first moments of salvage In a period when postmodernism no longer defines cultural production Hicks convincingly demonstrates that these writers employ conventions of post apocalyptic genre fiction to reengage with key features of modernity from historical thinking and the institution of nationhood to rationality and the practices of literacy itself **The Queer Bible Commentary** Deryn Guest,2006 A uniquely comprehensive volume of queer theology that covers every book of both testaments It introduces students to a range of hermeneutical principles and strategies employed in queer interpretations of biblical texts *Science Fiction, Horror & Fantasy Film and Television Credits: Actor and actress credits.
