19th Century Ireland The Search For Stability:

Nineteenth-Century Ireland (New Gill History of Ireland 5) D. George Boyce, 2005-09-27 The elusive search for stability is the subject of Professor D George Boyce's *Nineteenth Century Ireland* the fifth in the *New Gill History of Ireland* series. Nineteenth century Ireland began and ended in armed revolt. The bloody insurrections of 1798 were the proximate reasons for the passing of the Act of Union two years later. The long nineteenth century lasted until 1922 by which the institutions of modern Ireland were in place against a background of the Great War, the Ulster rebellion and the armed uprising of the nationalist Ireland. The hope was that in an imperial structure the ethnic, religious and national differences of the inhabitants of Ireland could be reconciled and eliminated. Nationalist Ireland mobilised a mass democratic movement under Daniel O'Connell to secure Catholic Emancipation before seeing its world transformed by the social cataclysm of the Great Irish Potato Famine. At the same time the Protestant north east of Ulster was feeling the first benefits of the Industrial Revolution. Although post Famine Ireland modernised rapidly only the north east had a modern economy. The mixture of Protestantism and manufacturing industry integrated into the greater United Kingdom and gave a new twist to the traditional Irish Protestant hostility to Catholic political demands. In the home rule period from the 1880s to 1914 the prospect of partition moved from being almost unthinkable to being almost inevitable. Nineteenth century Ireland collapsed in the various wars and rebellions of 1912-22. Like many other parts of Europe then and since it had proved that an imperial superstructure can contain domestic ethnic rivalries but cannot always eliminate them.

Communities of Science in Nineteenth-Century Ireland Juliana Adelman, 2016-09-12 The nineteenth century was an important period for both the proliferation of popular science and for the demarcation of a group of professionals that we now term scientists. Of course for Ireland, largely in contrast to the rest of Britain, the prominence of Catholicism posed various philosophical questions regarding research. Adelman's study examines the practical educational impact of the growth of science in these communities and the impact of this on the country's economy, the role of museums and exhibitions in spreading scientific knowledge and the role that science had to play in Ireland's turbulent political context. Adelman challenges historians to reassess the relationship

between science and society showing that the unique situation in Victorian Ireland can nonetheless have important implications for wider European interpretations of the development of this relationship during a period of significant change

Siblinghood and Sociability in Nineteenth-Century Ulster Shannon Devlin,2025-01-28 This book is an innovative exploration of nineteenth century family life and society The first study of its kind it uses the sibling relationship as a window into Irish society in the past Employing a creative genealogical methodology Shannon Devlin pieces together the lives of twenty five sibling sets from Ulster allowing for an exploration of power emotion and gender in the family She considers families from both Catholic and Protestant backgrounds and in urban and rural contexts shedding new light on the Ulster middle classes during a century of rapid social and economic change Through its emphasis on horizontal family relationships the book uncovers the lived experiences of individuals and reveals how the family could help navigate the social hierarchies and gendered power structures underpinning middle class society It complicates our understanding of family dynamics household formation and cultural performances of sociability and offers an exciting new perspective on aspects of the lifecycle marriage practices inheritance family finances and Irish middle class mobility Exploring the influence of brothers and sisters on everyday life Siblinghood and Sociability in Nineteenth Century Ulster provides a unique insight into the ways in which family loyalties and obligations intersected with personal reputation aspiration and ambition

Hepburn, 1998 This is a readable account of Irish history in the first quarter of the 20th century Drawing on the most recent scholarship on this period the author presents a balanced narrative with a useful historiographical section at the end of each chapter

The Remaking of Modern Ireland, 1750-1950 Raymond Gillespie, 2004 The publication of J C Beckett's *The making of modern Ireland* in 1966 was a milestone in the modern study of Irish history A new generation of students has since built on Beckett's insights and has added new questions and problems to the historical agenda These essays represent the fruits of more recent scholarship They have all been produced in response to the establishment in 1999 by Four Courts Press of a prize to honor the work of J C Beckett They concentrate on the emergence of modern Ireland from the late 18th century to the 20th dealing not only with traditional themes of political change but also less explored subjects including emigration preaching the role of women and the workings of the law These essays reflect some of the most important work being undertaken in Irish history today and taken together chart some of the areas being developed in the new understanding of how modern Ireland was made

Stonewall of the West Craig L. Symonds, 1997 This text offers a critical biography of Patrick Cleburne It explores the sources of Cleburne's commitment to the Southern cause his growth as a combat leader from Shiloh to Chickamauga and his emergence as one of the Confederacy's most effective field commanders

The Irish Conservative Party, 1852-68 Andrew Shields, 2007 Until recently the history of the Irish Conservative party had been a neglected topic among Irish historians As the main focus of Irish historiography has been on Nationalist political organisations and movements the Irish Conservative party has received insufficient attention As a result this book provides the first detailed account of the party's history in the mid Victorian period Throughout the book the focus is in general on the elite of the Irish Conservative party and on their relationship with the party leadership at Westminster The complex ways in which the Conservative party interacted with the other principal forces in Irish society in particular the Roman Catholic Church are examined The ambivalent relationship which existed between it and the Independent Irish party from 1852 onwards is also analysed Through a series of detailed analyses of Conservative party attitudes and policies on the Land National Education and Church

questions the book examines whether an indigenous Irish Conservatism existed different both in tone and content from its English counterpart The period between the Famine and the disestablishment of the Church of Ireland has been generally neglected in Irish historiography This book attempts to redress that imbalance while at the same time restoring the central role played by the Irish Conservative party in those years to its proper significance The World of Mary O'Connell, 1778-1836 Erin I. Bishop,1999 The World of Mary O Connell based on examination of these letters and of Mary s correspondence with other family members and friends is more than a portrait of the Liberator s wife **Irish Economic and Social History** ,1990 *The Royal Dublin Society, 1815-45* Kevin Bright,2004 The period 1815 45 was seminal in the evolution of the Society into a philanthropic institution wholly independent of government This book examines the history of the Royal Dublin Society at a time when that body was coming to terms with changes in its relationship with the state An 18th century foundation the Society had both an educational and an economic development role in Ireland and founded a national museum botanic gardens library and art school Because many of its activities were developed under parliamentary patronage it was heavily dependent on government subsidies At the same time it insisted on asserting its independence against the encroachments of the state *Saothar* ,2002 The Best Books for Academic Libraries: World history ,2002 Books recommended for undergraduate and college libraries listed by Library of Congress Classification Numbers **Irish Catholicism Since 1950** Louise Fuller,2004 Louise Fuller sets the Church s role in its historical perspective before considering the triumphant institution of the 1950s It was a Church of piety and ritual mass attendance church building processions pilgrimages the erection of crosses statues and grottos the widespread dissemination of devotional literature and the cult of indulgences were its distinguishing characteristics The rising prosperity of the 60s plus the effects of the Vatican Council began the liberalisation of Irish society The bishops reacted defensively Their conservatism stimulated the emergence of a Catholic intelligentsia propagating more liberal attitudes and championing the new theology The 70s and 80s saw a Church more open to liberation theology to ecumenism and to issues of justice and peace generally albeit change was gradual and piecemeal The real revolution did not come until the 1990s when a succession of clerical sexual scandals fatally subverted the unique moral authority of the Church which had been its greatest strength *CURRENT CONTENTS ARTS & HUMMANITIES JUNE 7, 1993 VOLUME 15 NUMBER 12* ,1993
