A Collection of Prints, from Pictures Painted for the Purpose of Illustrating the Dramatic Works of Shakespeare, by the Artists of Great-Britain John Boydell, Josiah Boydell, 1803 *A Selection of Prints from Pictures Painted for the Purpose of Illustrating the Dramatic Works of Shakespeare* William Shakespeare, 1803 **Shakespeare's Afterlife in the Royal Collection** Sally Barnden, Gordon McMullan, Kate Retford, Kirsten Tambling, 2025-01-31 This unique collection of essays and images explores a series of objects in the Royal Collection as a means of assessing the interrelated histories of the British royal family and the Shakespearean afterlife across four centuries. Between the beginning of the eighteenth century and the late twentieth Shakespeare became entrenched as the English national poet. Over the same period the monarchy sought repeatedly to demonstrate its centrality to British nationhood. By way of close analysis of a selection of objects from the Royal Collection this volume argues that the royal family and the Shakespearean afterlife were far more closely interwoven than has previously been realized. The chapters map the mutual development over time of the relationship between members of the British royal family and Shakespeare demonstrating the extent to which each has gained sustained value from association with the other and showing how members of the royal family have individually and collectively constructed their identities and performed their roles by way of Shakespearean models. Each chapter is inspired by an object in or formerly in the Royal Collection and explores two interconnected questions: what has Shakespeare done for the royal family and what has the royal family done for Shakespeare. The chapters range across the fields of art, theatre, history, literary criticism, literary history, court studies and cultural history showing how the shared history of Shakespeare and the royal family has been cultivated across media and across disciplines *Boydell's Graphic Illustrations of the Dramatic Works of Shakespeare* John Boydell, 1804
