**The Bread Loaf Anthology of Contemporary American Poetry** Bread Loaf Writers' Conference of Middlebury College, 1985 The early American legal system permeated the lives of colonists and reflected their sense of what was right and wrong honorable and dishonorable moral and immoral In a compelling book full of the extraordinary stories of ordinary people Elaine Forman Crane reveals the ways in which early Americans clashed with or conformed to the social norms established by the law As trials throughout the country reveal alleged malefactors such as witches wife beaters and whores as well as debtors rapists and fornicators were as much a part of the social landscape as

farmers merchants and ministers Ordinary people made law by establishing and enforcing informal rules of conduct Codified by a handshake or over a mug of ale such agreements became custom and custom became law Furthermore by submitting to formal laws initiated from above common folk legitimized a government that depended on popular consent to rule with authority In this book we meet Marretie Joris a New Amsterdam entrepreneur who sues Gabriel de Haes for calling her a whore peer cautiously at Christian Stevenson a Bermudian witch as bad as any in the world and learn that Hannah Dyre feared to be alone with her husband and subsequently died after a beating We travel with Comfort Taylor as she crosses Narragansett Bay with Cuff an enslaved ferry captain whom she accuses of attempted rape and watch as Samuel Banister pulls the trigger of a gun that kills the sheriff s deputy who tried to evict Banister from his home And finally we consider the promiscuous Marylanders Thomas Harris and Ann Goldsborough who parented four illegitimate children ran afoul of inheritance laws and resolved matters only with the assistance of a ghost Through the six trials she skillfully reconstructs here Crane offers a surprising new look at how early American society defined and punished aberrant behavior even as it defined itself through its legal system
