Contemporary American Women Writers Catherine Rainwater, William J. Scheick, 2014-10-17 Ann Beattie, Annie Dillard, Maxine Hong Kingston, Toni Morrison, Cynthia Ozick, Grace Paley, Marge Piercy, Anne Redmon, Anne Tyler, and Alice Walker all seem to be especially concerned with narrative management. The ten essays in this book raise new and intriguing questions about the ways these leading women writers appropriate and transform generic norms and ultimately revise literary tradition to make it more inclusive of female experience, vision, and expression. The contributors to this volume discover diverse narrative strategies. Beattie, Dillard, Paley, and Redmon, in divergent ways, rely heavily upon narrative gaps, surfaces, and silences, often suggesting depths which are lamentably absent from modern experience or which mysteriously elude language. For Kingston and Walker, verbal assertiveness is the focus of narratives depicting the gradual empowerment of female protagonists who learn to speak themselves into existence. Ozick and Tyler disrupt conventional reader expectations of the anti-novel and the family novel, respectively. Finally, Morrison's and Piercy's works reveal how traditional narrative forms such as the Bildungsroman and the soap opera are adaptable to feminist purposes. In examining the writings of these ten important women authors, this book illuminates a significant moment in literary history when women's voices are profoundly reshaping American literary tradition.

Kalliope, 1992 *My Life, My Body* Marge Piercy, 2015-09-01 In a candid and intimate new collection of essays, poems, memoirs, reviews, rants, and railleries, Piercy discusses her own development as a working-class feminist, the highs and lows of TV culture, the ego dances of a writer's life, the homeless and the housewife, Allen Ginsberg and Marilyn Monroe, feminist utopias, and why she doesn't live in one, why fiction isn't physics, and of course, fame, sex, and money, not necessarily in that order. The short essays, poems, and personal memoirs intermingle like shards of glass that shine, reflect, and cut. Always personal yet always political, Piercy's work is drawn from a deep well of feminist and political activism. Also featured is our Outspoken Interview in which the author lays out her personal rules for living on Cape Cod, finding your poetic voice, and making friends in Cuba.

Women, 1980 Conscience, 1992 **The Repair of the World** Kerstin W. Shands, 1994-11-30 In Marge Piercy's work, the repair of the world involves an affirmation of a healing and nurturing principle, sometimes depicted as matriarchal but generally not gender-bound. In this book, the first comprehensive critical survey of all of Piercy's fiction to date, including her newest novel *The Longings of Women*, the author places Piercy in

American literary history and in American neofeminist thought She also highlights Piercy's analysis of power patterns in intimate relationships and in society and constructions of sexuality and gender as they relate to issues of class and ethnicity Situated within a feminist discursive space *The Repair of the World* both builds on and challenges earlier Piercy criticism

Kramer, 2004 This second edition of *The American College Novel* cites and describes 648 novels that are set at American colleges and universities from Nathaniel Hawthorne's Fanshawe Bowdoin College 1828 to William Hart's *Never Fade Away* University of California 2002 This revised and updated edition contains 225 new entries most new novels published since 1981 The annotations provide information about the novels plots settings and central characters as well as brief biographies of the authors The bibliography is divided into two sections student centered and staff centered novels both cited in chronological order by publication year A starter list of 50 American college novels is included to help the novice reader distinguish classics within the genre as well as indexes by author title college and university and academic discipline Intended for scholars as well as the layperson this is a useful reference work for studying the portrayal of American higher education over time in popular fiction as well as helping a casual reader locate a pleasurable read

The Book of Literature Richard Garnett, Léon Vallée, Alois Brandl, 1923 [Becoming and Bonding](#) Katherine Payant, 1993-04-30 Expounding the view that the feminist movement has both encouraged and enriched literature by women Katherine Payant examines a large body of popular fiction of the late 1960s through the early 1990s relating these writers and works to the women's movement and feminist theories The study concentrates on popular fiction which is seen as evidence of the widespread influence of feminism and as a vehicle for dissemination of mainstream feminist ideas The opening chapter argues that feminist influenced popular literature has been neglected by critics and stresses the importance of its study to discern how social movements such as feminism affect the arts Chapters dealing with the 1970s and 1980s survey relevant feminist theories and tie them to representative novels Especially characteristic of the 1970s was the novel of development of growing up female or in feminist terminology the social construction of femininity The 1980s and early 1990s showed themes broadening into women's experiences such as motherhood and bonds between women including mother daughter relationships and friendships Chosen for special focus in individual chapters are Marge Piercy Mary Gordon and Toni Morrison all immensely successful during the last twenty years and reflecting divergent perspectives on feminism Gordon writing from an Irish Catholic perspective synthesizes feminist ideas with traditional feminine experiences Morrison celebrates the strength and laments the pain of African American women but shows ambivalence toward some feminist issues in the light of the experiences of black women Written in accessible prose this work will deepen the appreciation of readers of these novelists and can serve as valuable supplementary reading for courses in women's studies and women in literature An extensive bibliography includes primary sources and studies in feminism literary criticism and contemporary women's writing
