Bravo Persevere:

Bravo, Persevere! Robert Spencer, 1997-08 Persevere is a lonely little biplane He used to carry passengers but now they all travel on the bigger planes Most of the jets look down on little Persevere but his friend Claude a big airliner tries to cheer him up It s Claude too who remembers Persevere when there s a problem that the large aircraft can t deal with A rescue flight must be flown to a remote mountain airstrip but the huge jets are too big and clumsy For Persey though the mission is just right His old pilot Joe comes out of retirement to fly him and after a good check up by the mechanic they set off The mountain valleys become tighter and tighter and the weather worsens and the flight becomes more and more nerve wracking but at last Persey manages to manoeuvre down to the little landing strip They collect their passenger and set off on the tricky flight back Persey and Joe return home heroes The other aircraft crowd around to cheer and the story of the brave little biplane s courage and determination is taken up by the media Best of all a new future is assured for Persey for he is taken on by the wealthy owner of Claude s airline He has proved himself he is wanted Persevere is happy at last A tale of sadness turned to joy of the underdog s perseverance winning through this book will capture the imagination stimulate the emotions and fuel the will to win through of children everywhere The text is colourfully illustrated and technically correct and with the ever increasing popularity of air shows and museums visited by more and more youngsters a lasting market is ensured for this attractive little volume
