**Taken Out , American Dreams** Mateo Lobos,2016-03-03 U S Marine Corps Veteran and former law enforcement officer tells his controversial family story I was a rookie cop working patrol when the local newspaper wanted a story about minority rookie cops on the job Ironically they chose me They didn t know what can of worms they were opening and wanted to know my struggles in coming to America I began remembering my controversial past You see my parents came to the United States illegally looking for a better way of life Unfortunately after years of struggling here my father began selling drugs to stay afloat Needless to say that that lifestyle was a rollercoaster ride full of dangerous frightening risks Thankfully God intervened and consequently my father was arrested and sentenced to 15 years in prison where he surrendered to Jesus He witnessed many blessings which made me want to know Jesus too Unfortunately my life was also in shambles from my poor decisions and I found myself joining the Marine Corps I became a proud patriot and began loving this country my country and this is why I am sharing my controversial story with all of America hopefully inspiring people to make better choices in life because ultimately they affect our future and our freedom May we also continue to have a country that inspires huge dreams great ideas and great music A country that still can say Give me your tired your poor your huddled masses yearning to breathe free Emma Lazarus I still want this country to be around for my grandchildren grandchildren so lets keep the American dream alive Hoorah semper fidelis

**Star Depth** George I. Duhart,2012-08 Seven years has passed and the success of Admiral Wayne James Cooper s United Earth Star Depth Naval Agency has grown into a flourishing military organization for interplanetary service for which he had hoped it would become within the short period of years during its promising development With the combined efforts of the Star Depth program and the United Earth Space Force Defense Fleet Agency both branches have successfully colonized and charted several planetary star systems within the inner rim of Milky Way galaxy But once again an unexpected circumstance has just introduced itself as a compromising catastrophe to both the newly intergalactic armed forces of the planet earth and its governing supervision of the newly formatted United Earth Administration as a highly more dangerous threat than ever before An Alliance Class Nuclear Carrier Submarine one out of fifteen that has been built by the Star Depth Naval Engineering Corps designated as the U S S Typhoon SSCN 811 has disappeared within the deep oceanic regions of an earth like planet called Beta Two in a well known star system known as Alpha Centauri Their whereabouts are unknown and the Space Force in addition with the Star Depth Navy is considering them as missing in action during a time of an uncertain resolution with their recent conflict seven years ago with the barbaric warrior class aliens known as the Corrillean The Administration along with Admiral Cooper s military chiefs of staff have come to the conclusion that the Corrillean Empire may be involved in the disappearance of the UESDN submarine But the five star admiral and chairman of the joint chiefs wants to know for certain if the Corrillean are responsible for the abduction Once again he forms a conjoined task force of Space Force and Naval personnel to seek out and investigate the

disappearance of the lost submarine But little do they know as they come to grips in finding out the truth and who is really responsible Bravo Two Sierra Stephen R. Gagin,2004-12-01 Only a madman attacks a U S Naval vessel in the middle of a raging hurricane Santana J Roja is just that madman Set in the lush rain forest of Honduras and the storm revenged Caribbean Sea Bravo TWO Sierra follows the lives of Roja and his band of cutthroat Satan worshiping pirates and the crew of the USS MASSASOIT ATF 167 an old fleet tug whose counting down the hours before she s sent to the razor blade pile The opening chapter is a flash back which sets the premise of the novel absolute revenge destroys all With the selling of Carmella Roja into a life of prostitution and drug abuse by her village priest Santana Roja grows up a child of the alleys and whorehouses of Puerto Cortez Shunned by the powerful Catholic church for his illegitimacy Santana swears faith to the arcane teachings of Satanism Soon he is in control of the port city s vibrant black market Now he is in a position to exact revenge on the men responsible for his mother s death and the man whom he blames for his station in life Tension is sustained through the individual sailing and port calls of the American salvage crew and Roja s gang of black marketeers Atmosphere is derived from the ocean and the weather they encounter The final confrontation between father and son is as explosive as the hurricane that slams a Haitian gunrunner s ship aground in the Straits of Florida Bravo TWO Sierra captures all the flavor of serving on a small command mixed with such a realistic scenario that you d think was yesterday s headline news **The SAS 1983-2014** Leigh Neville,2016-12-15 A Special Forces expert reveals the story of the SAS since the Falklands War including their operations in the Gulf War and the War on Terror Ideal for anyone interested in Special Forces and other modern military subjects **Point of Origin** Patricia Daniels Cornwell,1998 The Virginia medical examiner Kay Scarpetta is faced with finding a cold blooded killer who uses fire to hide any clues that might be left *The American Legion* ,2003 *Samisdat* ,1978 Learning to Love the Bomb Sean M. Maloney,2007 In Learning to Love the Bomb Sean M Maloney explores the controversial subject of Canada s acquisition of nuclear weapons during the Cold War Based on newly declassified Canadian and U S documents it examines policy strategy operational and technical matters and weaves these seemingly disparate elements into a compelling story that finally unlocks several Cold War mysteries For example while U S military forces during the 1962 Cuban Missile Crisis were focused on the Caribbean Sea and the southeastern United States Canadian forces assumed responsibility for defending the northern United States with aircraft armed with nuclear depth charges flying patrols and guarding against missile attack by Soviet submarines This defensive strategy was a closely guarded secret because it conflicted with Canada s image as a peacekeeper and therefore a more passive member of NATO than its ally to the south It is revealed here for the first time The place of nuclear weapons in Canadian history has until now been a highly secret and misunderstood field subject to rumor rhetoric half truths and propaganda Learning to Love the Bomb reveals the truth about Canada s role as a nuclear power Gold Coast Lord Edward Hugessen Knatchbull-Hugessen Brabourne,1873 Central and South America Augustus Henry Keane,1901 **Two Eagles in the**
