**Scenes from Provincial Life** J. M. Coetzee, 2012-04-24 The Nobel Prize winning author's brilliant trilogy of fictionalized memoirs now available in one volume for the first time J M Coetzee's latest novel *The Schooldays of Jesus* is now available from Viking Late Essays 2006 2016 will be available January 2018 Few writers have won as much critical acclaim and as many admirers in the literary world as J M Coetzee Yet the celebrated author rarely spoke of himself until the 1997 arrival of *Boyhood* a masterly and evocative tale of a young writer's beginnings Continuing with the fiercely tender *Youth* and the innovative *Summertime* *Scenes from Provincial Life* is a heartbreaking and often very funny portrait of the artist by one of the world's greatest writers

**Trauma, Memory, and Narrative in the Contemporary South African Novel**, 2012-01-01 The contributions to this volume probe the complex relationship of trauma memory and narrative By looking at the South African situation through the lens of trauma they make clear how the psychic deformations and injuries left behind by racism and colonialism cannot be mended by material reparation or by simply reversing economic and political power structures Western trauma theories as developed by scholars such as Caruth van der Kolk Herman and others are insufficient for analysing the more complex situation in a postcolony such as South Africa This is because Western trauma concepts focus on the individual traumatized by a single identifiable event that causes PTSD Post Traumatic Stress Disorder What we need is an understanding of trauma that sees it not only as a result of an identifiable event but also as the consequence of an historical condition in the case of South Africa that of colonialism and more specifically of apartheid For most black and coloured South Africans the structural violence of apartheid's laws were the existential condition under which they had to exist The living conditions in the townships pass laws relocation and racial segregation affected great parts of the South African population and were responsible for the collective traumatization of several generations This trauma however is not an unclaimed and unclaimable experience Postcolonial thinkers who have been reflecting on the experience of violence and trauma in a colonial context writing from within a Fanonian tradition have on the contrary believed in the importance of reclaiming the past and of transcending mechanisms of victimization and resentment so typical of traumatized consciousnesses Narration and the novel have a decisive role to play
