Debating Empire:

Debating Empire Stanley Aronowitz, 2003-12-17 This text draws together the debate surrounding Hardt and Negri's *Empire*

Reconsidering Social Identification Abdul R. JanMohamed, 2020-11-29 This volume investigates how four socially constructed identities race gender class and caste can be rethought as matrices designed to accumulate various kinds of socio economic values and to translate and transfer these values from one group to another Essays in the anthology also attempt to compare the mechanisms deployed by various groups to consolidate identificatory investments Drawn mainly for the fields of literary and cultural studies the essays are grouped in four categories Essays collected under Theoretical Approaches scrutinize the relative value of various approaches those collected under Considerations of Race Gender and Sexual Orientation examine the interaction between these three categories in formation of identities those grouped under Comparative Analysis of African American and Dalit Writing provide comparative analyses of the literary productions of these two oppressed groups and finally those under The Persistence of Racialized Perceptions focus on the role of ideologically inflected perception of European colonizers and the persistence of such perception in the categorization and treatment of colonial migrants to the metropolis

Empire, Development & Colonialism Mark Duffield, Vernon Hewitt, 2013 This book makes a unique contribution to the renewed debate about empire and imperialism and will be of great interest to all those concerned with understanding the historical antecedents and wider implications of today's emergent liberal interventionism and the various logics of international development This collection explores the similarities differences and overlaps between the contemporary debates on international development and humanitarian intervention and the historical artefacts and strategies of Empire It includes views by historians and students of politics and development drawing on a range of methodologies and approaches The parallels between the language of nineteenth century liberal imperialism and the humanitarian interventionism of the post Cold War era are striking The American military both in Somalia in the early 1990s and in the aftermath the Iraq invasion used ethnographic information compiled by British colonial administrators Are these interconnections which are capable of endless multiplication accidental curiosities or more elemental The contributors to this book articulate the belief that these comparisons are not just anecdotal but are analytically revealing From the language of moral necessity and conviction the design of specific aid packages the devised forms of intervention and governmentality through to the life style design and location of NGO encampments the authors seek to account for the numerous and often striking parallels between contemporary international security development and humanitarian intervention and the logic of Empire MARK DUFFIELD is Professor of Development Politics at the University of Bristol VERNON HEWITT is Senior Lecturer in Politics at the University of Bristol Southern Africa South Africa Botswana Lesotho Swaziland Zimbabwe and Namibia HSRC Press

The Imperial History Wars Dane Kennedy, 2018-01-11 The history of the British Empire a subject that had slipped into obscurity when the empire came to an end has since made a stunning comeback generating a series of

heated debates about the causes character and consequences of empire In this volume Dane Kennedy offers a wide ranging assessment of the main schools of thought that have transformed the way we view the British Empire and the world it helped to create Navigating a clear course through these intellectual waters requires an awareness of their shifting currents and a commitment to tracking their changing character over time Dane Kennedy has contributed to the imperial history wars for more than thirty years and in this volume he brings his most important writings along with brand new material together for the first time to provide a sweeping overview of the subject and the debates that have shaped it The Imperial History Wars is essential reading for any student or scholar of the British Empire **Debating American Exceptionalism** F.

Hilfrich,2012-07-26 The Spanish American War focused not only on foreign policy but also on the nation s very essence and purpose At the heart of this debate was a consensus on American nationalism This book explains why the belief in exceptionalism still serves as the basis of American nationalism and foreign policy even in spite of more recent military failures Performing Marx Bradley J. Macdonald,2012-02-01 Performing Marx looks at what it means to be a Marxist

dealing with contemporary political and theoretical developments in the twenty first century Drawing upon Marx s work Western Marxism and poststructuralist theory Bradley J Macdonald explores how a living tradition of Marx s ideas can constructively engage a politics of desire and pleasure ecological sustainability a politics of everyday life that takes seriously popular culture and the nature of globalization and of the radical forces being arrayed against the logics of global capitalism By engaging such crucial issues Macdonald also provides important clarifications of the work of William Morris Guy Debord and the situationists Michel Foucault Antonio Negri Ernesto Laclau and Chantal Mouffe as they relate to Marx

Transgression as a Mode of Resistance Christina R. Foust,2010-06-22 Since industrialization two major theoretical perspectives have accompanied the vibrant practice of social change The first hegemony emerged as a less deterministic route to revolution from Marxist theory and forms the common sense of social movement today Within hegemonic resistance rhetoric links issues ideas and identities to form a recognizable collective agent whose aim is to transform the status quo into its vision of the world The second major mode of resistance transgression grows from anarchist and autonomous resistance to capitalism Transgression attempts to free individuals uniqueness and creative power by deconstructing authority and explicating the body in resistance Transgression as a Mode of Resistance Rethinking Social Movement in an Era of Corporate Globalization provides the conceptual mapping for scholars students and practitioners to participate in the growing debate between these rich and powerful forces of social change Through a broad perspective on philosophy and history Christina R Foust demonstrates that hegemony and transgression are sometimes conflicting oftentimes inter related practices She responds to critics who believe that without a social change agent resistance appears baseless and na ve without a representational economy to cohere and express common interests social movement is impossible Through alternative social relationships and political performances transgressive resisters may reinvent daily life The Ideology of Tyranny G.

Preparata,2007-09-14 The book ascribes the late state of paralysis affecting dissent in America to the adoption of a peculiar gospel of divisiveness which was promoted in the Eighties by importing from France the theories of philosopher Michel Foucault

Transnational Canadas Kit Dobson,2009-08-04 Transnational Canadas marks the first sustained inquiry into the relationship between globalization and Canadian literature written in English Tracking developments in the literature and its study from the centennial period to the present it shows how current work in transnational studies can provide new insights for researchers and students Arguing first that the dichotomy of Canadian nationalism and globalization is no longer valid in today s economic climate Transnational Canadas explores the legacy of leftist nationalism in Canadian literature It examines the interventions of multicultural writing in the 1980s and 1990s investigating the cultural politics of the period and how they increasingly became part of Canada s state structure Under globalization the book concludes we need to understand new forms of subjectivity and mobility as sites for cultural politics and look beyond received notions of belonging and being An original contribution to the study of Canadian literature Transnational Canadas seeks to invigorate discussion by challenging students and researchers to understand the national and the global simultaneously to look at the politics of identity beyond the rubric of multiculturalism and to rethink the slippery notion of the political for the contemporary era
