**Debtor-Creditor Law** David G. Epstein, 1985      **West Group's Nutshell Series Fast Finder**, 1998 General Index to all Current Nutshell Titles Published through June 1998 List of Nutshell titles anti Abbreviations Table of Nutshell and Am Jur 2d Correlations Table of Nutshell and Key Number System Correlations      **Elizabethan Literature and the Law of Fraudulent Conveyance** Charles Ross, 2017-03-02 This book investigates the origins impact and outcome of the Elizabethan obsession with fraudulent conveyancing the part of debtor creditor law that determines when a court can void a transfer of assets Focusing on the years between the passage of a key statute in 1571 and the court case that clarified the statute in 1601 Charles Ross convincingly argues that what might seem a minor matter in the law was in fact part of a wide spread cultural practice The legal and literary responses to fraudulent conveyancing expose ethical practical and jurisprudential contradictions in sixteenth century English as well as modern society At least in English Common Law debt was more pervasive than sex Ross brings to this discussion a dazzling knowledge of early modern legal practice that takes the conversation out of the universities and Inns of Court and brings it into the early modern courtroom the site where it had most relevance to Renaissance poets and playwrights Ross here examines how during the thirty years in which the law developed Sidney Spenser and Shakespeare wrote works that reflect the moral ambiguity of fraudulent conveyancing which was practiced by unscrupulous debtors but also by those unfairly oppressed by power The book starts by showing that the language and plot of Shakespeare's *Merry Wives of Windsor* continually refers to this cultural practice that English society came to grips with during the period 1571 1601 The second chapter looks at the social political and economic climate in which Parliament in 1571 passed 13 Eliz 5 and argues that the law which may have been used to oppress Catholics was probably passed to promote business The Sidney chapter shows that Henry Sidney as governor of Ireland a site of religious oppression and his son Philip were surprisingly on the side of the fraudulent conveyors both in practice and imaginatively Sidney's *Arcadia* is the first of several works to associate fraudulent conveyancing with the abduction of women The fourth chapter shows that Edmund Spenser who as an official in Ireland rails against fraudulent conveyors nonetheless includes a balanced assessment of several forms of the practice in *The Faerie Queene* Chapter five shows how Sir Edward Coke's use of narrative in *Twyne's Case* 1601 helped settle the issue of intentionality left open by the parliamentary statute The final chapter reveals how the penalty clause of the Elizabethan law accounts for the punishment Portia imposes on Shylock at the end of *The Merchant of Venice* The real strength of the book lies in Ross's provocative readings of individual cases which will be of great use to literary critics wrestling with the applications of legal theory to the interpretation of individual texts This study connects a major development in the law to the literature of the period one that makes a contribution not only to the law but also to literary studies and political and social history      [Anglo-American Law Collections](#) Mortimer D. Schwartz, Dan F. Henke, 1979      **Bimonthly Review of Law Books**, 1990      **Security for Debt in Ancient Near Eastern**

**Law** Raymond Westbrook, Richard Jasnow, 2021-11-22 Creditors have always sought the protection of the law to secure themselves against loss if the debtor cannot or will not pay the debt This volume examines the legal instruments of security available to creditors in the earliest known legal systems their use and abuse and the ways in which the law sought to satisfy the differing interests of creditors debtors and society in general with varying degrees of success The book covers all the major legal systems of the ancient Near East from Sumer to Ptolemaic Egypt as well as comparative historical developments up to the present day Twelve scholars have each contributed a study of their special period of expertise while the general issues that arise from their research are discussed in a concluding chapter
