## **Deep Beyond Cuckoo's Egg Serpents Reach:**

The Deep Beyond C. J. Cherryh, 2005-08-02 This omnibus volume combines two Alliance Union novels Hugo Award nominee *Cuckoo's Egg* and Locus Best Novel Award nominee *Serpent's Reach* In *Cuckoo's Egg* They named him Thorn They told him he was of their people although he was ugly in their eyes strange sleek skinned instead of furred clawless different Yet he was of their power class judge warriors the elite the defenders Thorn knew his difference was important but not important enough to prevent murderous conspiracies against him his protector his caste and perhaps against the peace of the world But when Thorn finally learned what his true role in life was to be that on him might hang the future of two worlds then he had to stand alone to justify his very existence In *Serpent's Reach* Raen a Sul Meth maren was very young when the machinations of her distant kin erupted into a bloodbath Years passed and Raen bided her time Then on a voyage to the outermost planet of the Reach Raen encountered Betas with an intriguing tale to tell an Azi unlike any other and a Blue Warrior who remembered her contribution to the Hive mind And she knew her time had come **Resurgence** C. J.

Cherryh, 2020-01-07 Now in mass market the twentieth book in the beloved *Foreigner* saga returns to the trials of diplomat Bren Cameron as he navigates the tenuous peace he has struck between human refugees and the alien atevi Bren Cameron diplomat in residence usually represents the ruler of the atevi state But Ilisidi the dowager has been known to borrow his services from time to time and she has her own notions how to solve the simmering hostilities in the south of the atevi continent playing one problem against another This time she is betting the hard won northern peace and the lives of the people on being right She has commandeered the Red Train taken aboard what passengers she chooses and headed for the snowy roof of the world where a hard scrabble town and its minor lord are the first pieces she intends to use *Downbelow*

*Station* C. J. Cherryh, 2008-12-02 The Hugo Award winning science fiction novel about a space station caught in the crosshairs of an interstellar war perfect for fans of space opera and military science fiction A hell of a story io9 The *Beyond* started with the Stations orbiting the stars nearest Earth The Great Circle the interstellar freighters traveled was long but not unmanageable and the early Stations were emotionally and politically dependent on Mother Earth The Earth Company which ran this immense operation reaped incalculable profits and influenced the affairs of nations Then came Pell the first station centered around a newly discovered living planet The discovery of Pell's World forever altered the power balance of the *Beyond* Earth was no longer the anchor which kept this vast empire from coming adrift the one living mote in a sterile universe But Pell was just the first living planet Then came Cyteen and later others and a new and frighteningly different society grew in the farther reaches of space The importance of Earth faded and the Company reaped ever smaller profits as the economic focus of space turned outward But the powerful Earth Fleet was still a presence in the *Beyond* and Pell Station was to become the last stronghold in a titanic struggle between the vast dynamic forces of the rebel Union and those who defended Earth's last desperate grasp for the stars *Defiance* C. J. Cherryh, Jane S. Fancher, 2023-10-17 The 22nd book in

the beloved *Foreigner* saga continues the adventures of diplomat Bren Cameron as he navigates the tenuous peace he has struck between human refugees and the alien atevi. In the east, outright warfare has tied down the Assassins Guild and that region is in confusion. Ready to hand is an age-old feud in the west where the Master of Ashidama Bay has long hated the Edi people of the north shore and equally hated the Aishidi tat for bringing the Edi to his shores and hatred is a resource the Shadow Guild knows how to use to its advantage. Bren Cameron is tasked with getting Ilisidi the aiji dowager back to the capital alive on an urgent basis. But events are cascading down on the south; the Guild is stretched thin in the east and the Shadow Guild is within striking distance of critical targets that could bring war to the entire south. Two lives stand in the breach: two lives the Aishidi tat would not willingly risk. Ilisidi and Bren and the Shadow Guild will spend anything and everything to take them out. The *Foreigner* series sets the standard for sci-fi first contact sagas: a smart, probing, engaging sociopolitical narrative from an acknowledged master of the genre.

**Messiah** S. Andrew Swann, 2011-02-01. The last stand against the self-proclaimed God Adam has retreated to the anarchic planet Bakunin, a world besieged by civil war. Humanity's last hope lies with Nickolai Rajasthan, a Moreau who believes that the human race that created his kind is already damned beyond redemption.
