Deeper Season:

Of Sex and Faerie: Further Essays on Genre Fiction John Lennard,2010-01-01 Nemarluk Ion Idriess,2018-10-01
Nemarluk one of the most feared Aboriginal renegades in the north of Australia had vowed to rid his land of all intruders This is the story of the last three years of his life and his extraordinary battle with the tracker Bul Bul brought in by the Northern Territory police in a final desperate attempt to put an end to Nemarluk s fight Ion L Idriess had already brought Lasseter and Flynn to the public s attention with his action packed stories He had first hand knowledge of the courage of Nemarluk and wanted to immortalise the man he called the King of the Wilds Jack Idriess understood the depth of Nemarluk s hatred for the Japanese and the white intruders who had come unasked into his people s tribal lands of which he was chief It was not only Nemarluk s desire to protect his people and their lands from the invaders it was also his obligation and duty Beverley Eley biographer of Ion L Jack Idriess Stylistics and Social Cognition Poetics and Linguistics Association. Conference,2007
This volume of articles comprises papers from the 25th annual conference of the Poetics and Linguistics Association PALA which was held at the University of Huddersfield England in July 2005 The theme of the conference was Stylistics and Social Cognition and as usual at a PALA conference this theme was interpreted very widely by the participants as the reader of this book will no doubt conclude At the heart of this volume there is something of a reaction against the cognitive developments in stylistics which might be seen as being in danger of privileging the individual interpretation of literature over something more social The concern is to consider whether there is a more collective approach that could be taken to the meaning of text and whether recent insights from cognitive stylistics could work with this idea of collectivity to define something we might call commonality of meaning in texts Stylistics and Social Cognition will be of interest to those working in stylistics and other text analytic fields such as critical discourse analysis and those concerned with notions of interpretation collective meaning and human communication **Bulletin** Michigan State University.
