The Taiwan Political Miracle John Franklin Copper, 1997-02-20 Much has been written about the Taiwan miracle referring to the extremely successful widely praised and often emulated economic development of the Republic of China Less has been written about Taiwan's political development which in the past dozen or so years has been even more dramatic in many ways In just three to four decades the Republic of China's polity has been transformed from an authoritarian closed system to a democracy It did this without a contributing colonial experience and while living under the threat of invasion This book assesses Taiwan's political modernization during a period when political change in Taiwan was remarkable both for its pace and for its impact on Taiwan's polity During this time Taiwan became a paradigm for success in political modernization Internal political reform was the most salient part of the modernization process Elections likewise played an essential role Finally an effective foreign policy facilitated the process and vice versa Students of the process of political development can and should learn much from Taiwan's experiences

Security, Arms Control, and Conflict Reduction in East Asia and the Pacific, 1993-07-30 This is the

most comprehensive bibliography to date on the vast English language literature covering the myriad aspects of peace and security issues in the East Asia Pacific region McClean contacted 150 key research institutions and publishers around the world for information about the most significant books articles dissertations and official documents on international and intra state security arms control conflict avoiding diplomacy and militarization in the area He has selectively annotated 12 645 cross referenced entries and organized them into 27 sub regional and country chapters including two particularly extensive chapters on Japan and China and two further chapters on relations between Australia New Zealand and the United States and on U S and Soviet policy

Asian Security Order Muthiah Alagappa,2003 More than a decade has passed since the end of the Cold War but Asia still faces serious security challenges These include the current security environment in the Korean peninsula across the Taiwan Strait and over Kashmir the danger of nuclear and missile proliferation and the concern with the rising power of China and with American dominance Indeed some experts see Asia as a dangerous and unstable place Alagappa disagrees maintaining that Asia is a far more stable predictable and prosperous region than it was in the postindependence period This volume also takes account of the changed security environment in Asia since September 11 2001 Unlike many areas studies approaches Alagappa s work makes a strong case for taking regional politics and security dynamics seriously from both theoretical and empirical approaches The first part of this volume develops an analytical framework for the study of order the salience of the different pathways to order is examined in the second part the third investigates the management of specific security issues and the final part discusses the nature of security order in Asia
