*Modern State Intervention in the Era of Globalisation* Nikolaos Karagiannis, Zagros Madjd-Sadjadi, 2007 The authors of this book argue that in order to meet the challenges of globalisation and promote their own economic welfare governments need strong policy instruments that will enable them to take up a strategic role in selected policy arenas They illustrate how this retooling of policymaking requires a rethinking of the form of government intervention and especially an emphasis on its modern developmental role The book begins with chapters exploring theoretical issues such as economic and political aspects of the state the impact of government expenditure the case for and against free trade and neoclassical and Keynesian approaches to public finance Succeeding chapters examine fiscal policy development problems in the European Community and the success of Japan South Korea Taiwan Singapore and Hong Kong The final chapters present the Developmental State argument not only as a coherent theory but more importantly as a realistic development policy framework This will be an important reference text for students and scholars of public sector economics public finance East Asian studies development studies and governance Policymakers will also find the in depth discussions a valuable tool

**The Political Economy of East Asia** Kevin G. Cai, 2008-07-11 In a systematic study of the political economy of East Asia Cai adopts an historical perspective alongside a contemporary focus exploring East Asia's development since the late 19th century Following similar paths to economic development East Asian states have achieved economic success integrating themselves into a regional economy

**East, Southeast Asia and the Western Pacific 2002** Publications Stryker-Post, Steven A. Leibo, 2002-08

**The Political Economy of East Asia** Ming Wan, 2008 For students of international political economy it is hard to ignore the growth

dynamism and global impact of East Asia Japan and China are two of the largest economies in the world in a region now accounting for almost 30 percent more trade than the United States Canada and Mexico combined What explains this increasing wealth and burgeoning power In his new text Ming Wan illustrates the diverse ways that the domestic politics and policies of countries within East Asia affect the region s production trade exchange rates and development and are in turn affected by global market forces and international institutions Unlike most other texts on East Asian political economy that are essentially comparisons of major individual countries Wan effectively integrates key thematic issues and country specific examples to present a comprehensive overview of East Asia s role in the world economy The text first takes a comparative look at the region s economic systems and institutions to explore their evolution a rich and complex story that looks beyond the response to Western pressures Later chapters are organized around close examination of production trade finance and monetary relations While featuring extended discussion of China Japan South Korea and Taiwan Wan is inclusive in his analysis with coverage including Myanmar Thailand Laos Vietnam Cambodia Malaysia Singapore Indonesia Brunei and the Philippines The text is richly illustrated with more than fifty tables figures and maps that present the latest economic and political data to help students better visualize trends and demographics Each chapter ends with extensive lists of suggested readings

*The Pacific Century* Staffan Burenstam Linder,1986 Spectacular economic growth in the Pacific Basin comprising the countries in or bordering on the Pacific Ocean is transforming world politics and economics This growth in production international trade and overall economic achievement has brought about a shift in the world s political and economic center of gravity a shift away from the Atlantic to the Pacific
