Astrological Aspects Jeanne Avery, 2004-12 Aspects are the mathematical relationships between planets in an individual's astrological chart They are key factors in the study of astrology for it is the interpretation of the relationship of

one planet to another that explains human behavior If we think of each planet as representing a quality of energy or a voice within then two planets relating to each other would describe a conversation all ten considered together could be likened to a committee meeting The relationships of all those planets to each other characterizes the effectiveness of that group meeting or the quality of dialogue going on within us Some people have simple and harmonious inner dialogues while other people have a riot going on inside Astrological Aspects allows readers to make sense of the riot and through examples of aspects in the charts of well known people shows us how different individuals manage or mismanage both conflicting and complementary energies and by extension how we can do the same
