

ASPECTS OF CONFUSED SPEECH

*A Study of
Verbal Interaction
Between Confused
and Normal Speakers*

**Pamela
SHAKESPEARE**

Aspects Of Confused Speech

James Augustus Henry Murray

Aspects Of Confused Speech:

Aspects of Confused Speech Pamela Shakespeare,2013-12-02 Based on research focusing on the experience of having confused speech and being with confused speakers this book begins with everyday commonly understood ideas such as talking too much and examines how confused speech is brought off as a collaborative activity by the people involved The author became involved in this project because she was interested in how confusion seemed to be something that everyone is not only involved in but also recognizes as part of ordinary life At the same time confusion is a word that is used somewhat as a blanket category for some people considered permanently incompetent and set apart from ordinary members of society Her study analyzes how talk between confused and normal speakers throws light on this tension

Aspects of Confused Speech Taylor & Francis Group,2018-11-30 *Aspects of Confused Speech* Pam Shakespeare,1998-01 *Aspects of Confused Speech A Study of Verbal Interaction Between Confused and Normal Speakers* examines the confused speech of people who have been diagnosed as having dementing illnesses Pamela Shakespeare documents how particular problems or troubles arise in talk how these are dealt with how the label of confusion comes to be applied and how these factors are related to context She strives to keep a balance between the idea of confused talk as an aspect of ordinary talk and confused talk as talk from which confused speakers cannot easily extricate themselves A central theme of this work is that people diagnosed as confused in their speech do not all behave in the same way and in her examination Shakespeare distinguishes between minimally active moderately active and very active confused speakers

Aspects of Confused Speech Pamela Shakespeare,2023-07-14 Based on research focusing on the experience of having confused speech and being with confused speakers this book begins with everyday commonly understood ideas such as talking too much and examines how confused speech is brought off as a collaborative activity by the people involved The author became involved in this project because she was interested in how confusion seemed to be something that everyone is not only involved in but also recognizes as part of ordinary life At the same time confusion is a word that is used somewhat as a blanket category for some people considered permanently incompetent and set apart from ordinary members of society Her study analyzes how talk between confused and normal speakers throws light on this tension

The Characteristics Of Aphasia Chris Code,1989-07-31 A survey of the main behavioural characteristics or symptoms of aphasia which presents a series of essays on the history and current developments in this field of neuropsychological research Contributors discuss recovery rehabilitation and other contemporary issues
