Aspects Of The Belfast Agreement:

Aspects of the Belfast Agreement Rick Wilford,2001 This edited collection assembles leading experts on the politics and constitution of Northern Ireland to explore and analyse aspects of the 1998 Belfast Agreement For most the Agreement represented an inclusive political bargain while others perceived it as an act of betrayal whether of the Union or conversely of republicanism These rival interpretations are discussed by a number of the contributors alongside assessments of the roles performed by key actors both within and outside Northern Ireland in forging the Agreement The more immediate provenance of the Agreement is complemented by a comparison with its often cited predecessor the 1973 Sunningdale Agreement and the former s consociational plus design is explained while its legislative implementation is set within the context of cross cutting constitutionalism ushered in by the UK s wider devolution process The collection also includes a discussion of the British Irish Council and the early operation of both the Executive Committee and the Assembly elected in 1998 The elections themselves suggested the emergence of an embryonic and fragile pro and anti Agreement cleavage that transcended the orthodox ethno nationalist division in Northern Ireland and this proposition is subjected to analysis in the collection Public and elite attitudes towards the Agreement in the Republic of Ireland are also discussed as is the controversial report of the Patten Commission on the reform of the RUC The acceptance of the consent principle by the Agreement s signatories and the open ended constitutional future it bequeathes to Northern Ireland have created a form of devolution that is delicately poised The delayed and faltering implementation of the 1998 Agreement suggests that its promise is yet to be fully realized This collection in focusing upon key aspects of the Agreement seeks to explain both its complexity and some of the difficulties thus far encountered in putting it into effect [The Peacebuilding Elements of the Belfast Agreement and the Transformation of the Northern Ireland Conflict](#)

Cornelia Albert,2009 The aim of this book is to analyse whether the implementation of the peacebuilding elements of the Belfast Agreement contributed to the transformation of the protracted Northern Ireland Conflict Therefore this book deals with the following sections of the Agreement Rights Safeguards and Equality of Opportunity Decommissioning Security Policing and Justice and Prisoners The author comes to the conclusion that the majority of the peacebuilding elements contributed to the transformation of the Northern Ireland Conflict The results of the study were obtained in conducting interviews in consulting surveys and in studying reports and other relevant literature on the recent developments in Northern Ireland

Aspects of the Belfast Agreement Rick Wilford,2001 This edited collection assembles leading experts on the politics and constitution of Northern Ireland to explore and analyse aspects of the 1998 Belfast Agreement For most the Agreement represented an inclusive political bargain while others perceived it as an act of betrayal whether of the Union or conversely of republicanism These rival interpretations are discussed by a number of the contributors alongside assessments of the roles performed by key actors both within and outside Northern Ireland in forging the Agreement The more immediate provenance of the Agreement is complemented by a comparison with its often

cited predecessor the 1973 Sunningdale Agreement and the former's consociational plus design is explained while its legislative implementation is set within the context of cross-cutting constitutionalism ushered in by the UK's wider devolution process. The collection also includes a discussion of the British Irish Council and the early operation of both the Executive Committee and the Assembly elected in 1998. The elections themselves suggested the emergence of an embryonic and fragile pro and anti Agreement cleavage that transcended the orthodox ethno-nationalist division in Northern Ireland and this proposition is subjected to analysis in the collection. Public and elite attitudes towards the Agreement in the Republic of Ireland are also discussed as is the controversial report of the Patten Commission on the reform of the RUC. The acceptance of the consent principle by the Agreement's signatories and the open-ended constitutional future it bequeathes to Northern Ireland have created a form of devolution that is delicately poised. The delayed and faltering implementation of the 1998 Agreement suggests that its promise is yet to be fully realized. This collection, focusing upon key aspects of the Agreement, seeks to explain both its complexity and some of the difficulties thus far encountered in putting it into effect.

Devolution, Regionalism and Regional Development Jonathan Bradbury, 2007-12-18. Devolution Regionalism and Regional Development provides an overview and critical perspective on the impact of devolution on regionalism in the UK since 1999, taking a research-based look at issues central to the development of regionalism, politics, governance and planning. This multidisciplinary book is written by academics from the fields of geography, economics, town planning, public policy, management, public administration, politics and sociology, with a final chapter by Patrick Le Gales putting the research findings into a theoretical context. This will be an important book for those researching and studying economic and political geography and planning, as well as those involved in regional development.

[US diplomacy and the Good Friday Agreement in post-conflict Northern Ireland](#) Richard Hargy, 2025-06-03. Richard Haass and Mitchell Reiss, as autonomous diplomats in the George W. Bush State Department, were able to alter US intervention in Northern Ireland and play critical roles in the post-1998 peace process. Their contributions have not been fully appreciated or understood. The restoration of Northern Ireland's power-sharing government in 2007 was made possible by State Department-led intervention in the peace process. There are few references to Northern Ireland in work examining the foreign policy legacy of the George W. Bush presidency. Moreover, the ability to control US foreign policy towards the region brought one of George W. Bush's Northern Ireland special envoys into direct diplomatic conflict with the most senior actors inside the British government. This book will uncover the extent of this fall-out and provide original accounts on how diplomatic relations between these old allies became so fraught.

The Northern Ireland Conflict John McGarry, Brendan O'Leary, 2004-03-18. This text explains why Northern Ireland's national divisions have made the achievement of a consociational agreement particularly difficult. The issues raised in the book are central to a proper

understanding of Northern Ireland's past and future Devolution, Law Making and the Constitution Robert Hazell, Richard Rawlings, 2005 Law making is a primary function of government and how well the three devolved UK legislatures exercise this function will be a crucial test of the whole devolution project This book provides the first systematic study and authoritative data to start that assessment It represents the fruits of a four year collaboration between top constitutional lawyers from Scotland Wales and Northern Ireland and leading researchers in UCL's Constitution Unit The book opens with detailed studies of law making in the period 1999-2004 in the Scottish Parliament and the Assemblies in Wales and Northern Ireland and how they interact with Westminster Later contributions look at aspects of legislative partnership in the light of the UK's strongly asymmetric devolutionary development and also explain the unexpected impact of devolution on the courts Individual chapters focus on various constitutional aspects of law making examining the interplay of continuity and change in political legal and administrative practice and the competing pressures for convergence and divergence between the different parliaments and assemblies This book is essential reading for academics and students in law and in politics and for anyone interested in the constitutional and legal aspects of UK devolution not least the practitioners and policymakers in London Edinburgh Cardiff and Belfast Dublin University Law Journal, 2003 "*Good Friday Agreement*". *Perspectives on the Northern Irish peace process* Enrico Schlickeisen, 2019-03-07 Seminar paper from the year 2016 in the subject Politics Topic Peace and Conflict Security grade 2-3 University of Rostock language English abstract The Troubles in Northern Ireland were one of the main concerns for both British and Irish politics ever since the late 1960s However the roots of the conflict reach back centuries and have been the cause for immense bloodshed and more than 3 200 casualties These earlier stages of the conflict as well as its course in general are to be neglected in this paper whereas the emphasis is to be on the Good Friday Agreement or Belfast Agreement of 1998 as the political marking line between war and peace as well as the developments up to the present Although the end of violence as primary goal of the Agreement was largely achieved in most parts of Northern Ireland there are still developments that run contrary to a notion of peace These developments will subsequently be analyzed to identify weaknesses of the Good Friday Agreement and make statements about the success of the peace process possible and ultimately make assumptions about the hindrances of said peace process to this day The indicator used to make said assumptions will be Wolff's post agreement reconstruction model which was already used to analyze the progress of the peace process in 2002 which led to a very cautious prognosis for the coming years This paper's task is therefore to apply the post agreement reconstruction model to today's situation to make a statement about the success of the Good Friday Agreement more than 18 years after it was signed Due to the shortness of this paper an emphasis will be laid on social psychological and security indicators for the success of post agreement reconstruction Furthermore the particular contents of the Belfast Agreement in their entirety are not to be listed here However for an analysis of the current situation in Northern Ireland it is necessary to consider at least some of the crucial points that contain the potential to

obstruct the peace process or further entrench the sectarian division of Northern Ireland Ready for Peace? Tina Kempin, Andreas Wenger, 2003 **Europe's Old States in the New World Order** Joseph Ruane, Jennifer Todd, Anne Mandeville, 2003 Much attention has been paid to globalization yet little has been focused on the relationship between the national and sub national levels of politics This publication has separate sections on the state in transition on regionalism nationalism and separatism and on the security forces and the maintenance of order The three states chosen Britain France and Spain have historical similarities as ex imperial Atlantic seaboard states with weighty historical and institutional traditions But they also differ in their institutions in their centre periphery relations and in their varying responses to the new phase of change The authors assess the new constitutional configurations in each state decentralisation devolution or autonomous governments and analyse the effect on the peripheries and the maintenance of order The book also includes chapters on conflict in Northern Ireland and the Spanish Basque country and discussion of nationalist identity and assertion in the three countries *The Failure of the Northern Ireland Peace Process* Gary Peatling, 2004 This book is a surprisingly broad study of the Northern Ireland conflict and peace process with an unusual and contentious hypothesis though one ultimately likely to prove useful even to those who disagree with it The book is influenced by a sense of the interlacing nature of political groups and dynamics in Northern Ireland which evinces understanding of though not empathy with even mutually exclusive positions in a way few writers on the Northern question draw out This sense that even groups often portrayed as intransigent find a constituency in Northern Ireland based upon the lived experience of groups and communities is underpinned by the book's view of identity and its consequences The book also addresses much discussed wider controversies such as debates surrounding immigration terrorism and September 11th and national identity It addresses these issues with unorthodox conclusions and it is guaranteed to be of interest to intelligent non specialists as well as to academics and policy makers **Devolution and Constitutional Change in Northern Ireland** Paul Carmichael, Colin Knox, Robert D. Osborne, 2007-07-15 This edited book tracks Northern Ireland's uneasy experience with devolution following the optimistic political period associated with the 1998 Belfast Good Friday Agreement It will be of interest to students of Irish politics and public policy but more generally from a comparative perspective those with an interest in devolution and constitutional change **Parliamentary Debates (Hansard)**. Great Britain. Parliament. House of Commons, 1925 Contains the 4th session of the 28th Parliament through the session of the Parliament **Evangelicalism and Conflict in Northern Ireland** Gladys Ganiel, 2008-04-15 This book explores the role of evangelicalism in the conflict in Northern Ireland and discusses how it may contribute to a peaceful political transition Ganiel analyzes the traditional evangelicals who are associated with the Reverend Ian Paisley as well as a new breed of mediating evangelicals who have broken with the traditions of the past Comparing evangelical politics in Northern Ireland to the U S and Canada this book sheds light on future directions for Northern Irish evangelicalism The conclusion has global reverberations as it reflects on the place of

strong religions such as evangelicalism and other forms of fundamentalism in contemporary world politics Documents, Working Papers - Council of Europe, Parliamentary Assembly Council of Europe. Parliamentary Assembly, 2004 **The Northern Ireland Legal Quarterly** ,2003 **The Canadian Journal of Irish Studies** ,2005 Political Leadership and the Northern Ireland Peace Process Cathy Gormley-Heenan, 2007-02-15 This book argues that much of the literature on political leadership has made little meaningful connection with the issues of peace conflict and divided societies In providing a critical interpretation of political leadership during the Northern Ireland peace process Cathy Gormley Heenan shows how the leadership lens offers insights not offered by conventional analyses of peacemaking processes Using interviews with political elites in Northern Ireland the book discusses the confusions contradictions and chameleonic nature of leadership and its role capacity and effect
