Discovering Yorkshire's History Len Markham,2004-09-09 Over the centuries Yorkshire the largest and most varied country in England has helped to shape the history of the nation From the barrier of the Pennines in the west to the bastion of Falmborough in the east the region has seen war insurrection invention industrial expansion political and social development and pioneering achievements in literature art and science In this unconventional guide to the people and the places that played parts in this extraordinary story author Len Markham takes the reader across the country and down the years He retells the stories of many of the well known sites and uncovers the intriguing sometimes secret history of places that are rarely remembered and visited Along the way he describes the careers and achievements of an exceptional cast of characters monarchs bishops generals industrialists inventors artists renegades rogues eccentrics murderers and otherwise ordinary men and woman who made a mark for good or ill on the heritage of the country Over 150 evocative sites are described and illustrated in this invaluable handbook to the intense sometimes bizarre and always revealing history of Yorkshire

[The Making of Liverpool](#) Mike Fletcher,2004-04-30 Discover the fascinating history of this coastal English city from its Medieval origins to its status today as a world renowned cultural destination In The Making of Liverpool Mike Fletcher tells the story of this historic city and highlights the significant changes that have made it what it is today It all begins with King John s 1207 charter and the construction of Liverpool castle to protect this new town Liverpool s development throughout the medieval period was slow and even through the reigns of the Tudors and Stuarts the town was confined to the waterfront area Through the English Civil Wars Liverpool endured three brutal sieges But during the Georgian period it embraced the transport revolution by investing in river navigations and building the first passenger railway By the nineteenth century Liverpool was a thriving port yet life in the city was beset by poverty and disease Even as

the twentieth century brought the devastation of two world wars and the Toxteth Riots Liverpool found international fame during the swinging sixties More recently it has enjoyed a significant resurgence and was named European Capital of Culture in 2008

Aspects of Tectonic Faulting F.K. Lehner,J.L. Urai,2013-12-20 This Volume brings together twelve contributions to a symposium held in hon our of GEORG MANDL at the University of Graz Austria on December 1 2 1995 in the year of his 70th anniversary It is a tribute to a formidable scientist colleague and friend and a gift of gratitude to an inspiring leader and great in stigitor A man who began as a theoretical physicist made fundamental contri butions to the theory of transport processes in porous media and the mechanics of granular materials but in his forties turned to structural geology and the me chanics of tectonic faulting a subject that has since remained at the center of his interests and the understanding of which was substantially advanced by Georg Mandl s work In addressing different aspects of tectonic faulting mostly if not entirely from a theoretician s or modeler s point of view the contribu tions to this Volume reveal some of the astonishing richness of the subject the corresponding diversity in approaches and also challenges that lie ahead They aptly evoke the broad scientific culture brought by Georg Mandl to the study of his favourite subject a culture he had acquired in the course of a career in a nowadays rare environment of industrial research and which interested readers will find sketched in the Biographical Note included in this Volume As such as well as in their own right the papers contributed to this Festschrift should be of interest to a wider community of Earth scientists

The Making of Huddersfield George Redmonds,2003-05-01 The Making of Huddersfield is not a systematic and chronological account of Huddersfield s growth but a series of illuminating snapshots which bring to life numerous aspects of the town and its surrounding area Just 200 years ago Huddersfield was still a village In a short time it was to become one of the most dynamic and vibrant towns in the north of England and this book traces the history of that development from the early Middle Ages through important changes in Tudor and Stuart times and into the exciting years of the Industrial Revolution The Making of Huddersfield tells the story of ancient bridges and highways inns mills and private dwellings and it looks at ordinary people as they appear in early court records identifying individuals and families as they thronged the market place or relaxed in the ale houses Take a transitional journey from the Middle Ages to the present day as you read The Making of Huddersfield

Foul Deeds & Suspicious Deaths in York Keith Henson,2003-06-01 A local historian reveals the centuries of murder and mayhem lurking in the shadows of this charming English city Just beneath its gentile fa ade the city of York hides a dark past Once England s second city it is built on a thousand years of bloodshed From brutal war to noble rebellion and from petty crime to notorious killers death has tracked the city s long history Keith Henson begins with York s early history of punishment and close with the city s only unsolved murder From 1800 1946 the city slid from its Georgian splendor to a seething slum surrounded by medieval walls then began to reemerge after World War Two Foul Deeds and Suspicious Deaths in York tells the story of some of the city s darkest moments from Hanging Bishops to Sweet Toothed Poisoners Insane Arsonists to Murder Most Foul
