**Aspen** Kathleen Krieger Daily, Gaylord T. Guenin, 1994      *Aspen, the Quiet Years* Jim Markalunas, 1975      **Devil's Bargains** Hal Rothman, 1998 The West is popularly perceived as America's last outpost of unfettered opportunity but twentieth century corporate tourism has transformed it into America's land of opportunism From Sun Valley to Santa Fe towns throughout the West have been turned over to outsiders and not just to those who visit and move on but to those who stay and control Although tourism has been a blessing for many bringing economic and cultural prosperity to communities without obvious means of support or allowing towns on the brink of extinction to renew themselves the costs on more intangible levels may be said to outweigh the benefits and be a devil's bargain in the making Hal Rothman examines the effect of twentieth century tourism on the West and exposes that industry's darker side He tells how tourism evolved from Grand Canyon rail trips to Sun Valley ski weekends and Disneyland vacations and how the post World War II boom in air travel and luxury hotels capitalized on a surge in discretionary income for many Americans combined with newfound leisure time From major destinations like Las Vegas to revitalized towns like Aspen and Moab Rothman reveals how the introduction of tourism into a community may seem innocuous but residents gradually realize as they seek to preserve the authenticity of their communities that decision making power has subtly shifted from the community itself to the newly arrived corporate financiers And because tourism often results in a redistribution of wealth and power to outsiders observes Rothman it represents a new form of colonialism for the region By depicting the nature of tourism in the American West through true stories of places and individuals that have felt its grasp Rothman doesn't just document the effects of tourism but provides us with an enlightened explanation of the shape these changes take Deftly balancing historical perspective with an eye for what's happening in the region right now his book sets new standards for the study of tourism and is one that no citizen of the West whose life is touched by that industry can afford to ignore      *Growing Up in Aspen* Douglas N. Beck, 2011-10-30 More memories of a great childhood with many friends loving parents and a real community of people who knew when to help and when to tell your parents This is a follow on to my First Edition of *Growing Up in Aspen* Life After the Quiet Years This edition has all new content with more great childhood adventures      **Out of the Canyon** Art Daily, Allison Daily, 2009-05-12 On a crisp winter's day in Glenwood Canyon Colorado Art Daily suffered a terrible tragedy While driving home with his family from a youth hockey game a large boulder dislodged from the canyon wall and struck their car killing his wife and two sons while leaving him inexplicably untouched In one instant Art's entire life crumbled leaving him feeling utterly alone As family friends and the entire Aspen community rushed in to offer comfort and support Art faced what he imagined to be a bleak and lonely future But what he found surprised him the healing power of a stranger's grace That stranger was Allison a twenty eight year old Texan who had stopped in Aspen on her way to a new life Allison was a woman struggling with her own grief following her older brother's suicide and the end of her marriage When she heard of Art's tragedy she felt compelled to reach

out to him a person whom she had never met but with whom she identified deeply Art and Allison forged a close friendship tending to each other's wounds and eventually falling in love and starting a family And through it all the living memory of Art's wife and sons guided and comforted them Out of the Canyon is the inspiring story of how two people found the courage to move on after profound heartbreak Art and Allison teach us that it is not only possible to live through such turmoil but to embrace life anew And with humility and understanding they offer direct insight and advice on what truly helped them deal with irreversible change and how we can do the same
