others *Edinburgh Companion to Irish Modernism* Vicki Mahaffey, Sian White, Maud Ellmann, 2021-05-05 The *Edinburgh Companion to Irish Modernism* presents a fresh perspective on received understandings of Irish modernism. The introduction draws connections between modernism in the arts and modernism as a resistant liberal relativist movement within the Catholic Church that was gathering momentum in the same period. In religion as in culture, resistance to orthodoxy has persisted and for this reason this companion explores modernist heresies, cultural, aesthetic, critical, epistemological that stretch back to the late nineteenth century and forward to present day. Contributors widen the temporal, conceptual, generic and geographical definitions of Irish modernism by investigating crosscurrents between literary form and cultural transformation through the twentieth and twenty-first centuries. The book enriches the canon of Irish modernism by recovering lesser-known works by both neglected and canonical writers, especially women poets and novelists. [A History of Irish Women's Poetry](#) Ailbhe Darcy, David Wheatley, 2021-07-01 *A History of Irish Women's Poetry* is a ground-breaking and comprehensive account of Irish women's poetry from earliest times to the present day. It reads Irish women's poetry through many prisms: mythology, gender, history, the nation, and most importantly, close readings of the poetry itself. It covers major figures such as Míre Mhac an tSaoi, Eavan Boland, Eilín Ní Chuiléain, as well as neglected figures from the past. Writing in both English and Irish is considered and close attention paid to the many different contexts in which Irish women's poetry has been produced and received, from the anonymous work of the early medieval period through the bardic age, the coterie poets of Anglo-Ireland, the nationalist balladeers of Young Ireland, the Irish Literary Revival, and the advent of modernity. As capacious as it is diverse, this book is an essential contribution to scholarship in the field. *The Delineator*, 1896 **Irish Women Writers** Alexander G. Gonzalez, 2005-11-30 Irish women writers have a large following and their works are attracting large amounts of scholarly and critical attention. Through roughly 75 alphabetically arranged entries written by more than 35 expert contributors, this reference overviews the lives and works of Irish women writers active in a range of genres and periods. Each entry includes a brief biography, a discussion of major works and themes, a survey of the writer's critical reception, and a list of works by and about the author. The volume closes with a selected general bibliography. Ireland has an especially lively literary tradition and works by Irish writers have long been recognized as interesting and influential. While male writers have received the bulk of the critical attention given to Irish literature, contemporary women writers are among the most widely read Irish authors. This reference overviews the lives and works of Irish women writers active in a range of periods and genres.
