Astrological Study Of Psychological Complexes:

An Astrological Study of Psychological Complexes Dane Rudhyar,1976 **An Astrological Study of Psychological Complexes and Emotional Problems** Dane Rudhyar,1966 Exploring Jupiter: Astrological Key to Progress, Prosperity & Potential Stephen Arroyo,2025-03-01 This book is the very essence of Jupiter From its apt title to its generous use of many famous chart examples to Arroyo s trademark insight and wisdom on every page Exploring Jupiter is positively a winner The presentation of the astrology is clear practical and intelligent making it a must for both newer students and more experienced practising astrologers Unlike the majority of modern astrologers Arroyo refers to Jupiter s ancient rulership of Pisces as being significant The book includes Jupiter through the signs Jupiter through the houses arranged by element Jupiter aspects in the birth chart and so on As always with Stephen Arroyo it is the clarity and profound depth of these guidelines for interpretation that is so striking The chapter on transits involving Jupiter is particularly good building on ideas he has expressed in earlier writings **The Astrology of Relationship** Michael R. Meyer,2000-01-20 Of all the branches of astrology it is probably synastry the technique of comparing the birth charts of two or more persons that most fascinates those who practice astrology today This is the first book to deal thoroughly with the basic purpose and techniques of chart comparison in clear contemporary terms Going beyond the simplistic popular methods which compare only sun signs Michael Meyer s humanistic approach to synastry offers a responsible tool for understanding the mutually constructive aspects of any relationship The Astrology of Relationship introduces the concept of relationship with a brief overview of its place in traditional astrological practice and its relation to certain Eastern Philosophical concepts Explaining the significance of planets houses and signs in determining personal compatibility Meyer offers a step by step technique for chart comparison including full instructions for casting and interpreting zodiacal contact house contact and composite charts To demonstrate the methods described the book concludes with synastric analyses of three important relationships in history Sigmund Freud and Carl Jung George Sand and Frederic Chopin and founders of the Theosophical Society Madame Blavatsky and Henry Olcott Michael R Meyer is the author of A Handbook for the Humanistic Astrologer and The Astrology of Change Horary Astrology and its Humanistic Applications *Maps of Consciousness* Ralph Metzner,2023-09-19 A classic guide to expanding perception and consciousness development Explores six ancient yet timeless systems for exploring the mind the I Ching Tantra Tarot astrology alchemy and the yoga philosophy of Actualism Shares exercises from each system and illuminates the key stages in the journey of consciousness development Shows how each of these disciplines can help you become a fully aware and conscious participant in your own spiritual evolution In this highly acclaimed classic psychedelic elder Ralph Metzner presents a guide to six ancient systems once known only to the initiated few to expand awareness and free your consciousness from exterior limitations and cultural conditioning Metzner begins with the I Ching revered by the Chinese as the oldest and wisest book in the world He explains how it reveals change as the evolutionary constant and offers

a hands on method of divination and guidance He explores the Hindu and Buddhist Tantras of medieval India ancient practices celebrating the union of male and female energies that transmute ordinary sense experience into ecstatic ritual worship He examines the Tarot revealing how the cards act as culture transcending mirrors bringing us through worlds of darkness and light in a complex journey He looks at the practice of alchemy explaining how it is a psychic chemistry of inner union through which we can transform planetary and cosmic energies He explores the esoteric aspects of astrology revealing the rhythmic cycles of the planets and how their phases may be experienced in terms of motion and emotion He then examines in depth the yoga philosophy of Actualism centered on the techniques of Agni Yoga which allow you to use your living inner fire to illuminate the shadow parts of consciousness and burn out that which obstructs the free flow of energy With a new foreword by UC Berkeley professor of neurobiology David E Presti and featuring all of the original diagrams this edition of Metzner s classic text shows how each of these disciplines can help the modern individual become a fully aware and conscious participant in their own spiritual evolution

Dream Sociometry Joseph Dillard,2018-03-20 This unique book is the first of two volumes that describe a new transpersonal model for therapeutic work on dreams Dream Sociometry a form of Integral Deep Listening IDL life drama and dream character interviewing contributes to the fields of application of the sociometric methods of J L Moreno and the use of sociometry in therapy to support and direct personal development The book describes an experiential multi perspectival integral life practice through accessing emerging potentials or perspectives that integrate transcend and include one s current context and predicament Dream Sociometry provides a thoroughly phenomenological approach suspending interpretation as well as assumptions about the reality and usefulness of synchronicities mystical experiences waking accidents dreams and nightmares in favour of listening to dream characters and personifications of important life issues in a respectful and integral way It thereby provides an important doorway to both causal and non dual awareness by accessing perspectives that personify both and will open doors for those interested not only in dream research but in reducing anxiety disorders such as phobias and post traumatic stress disorders and seeing through the often literal and concrete interpretations that we often give both physical and mental illness as well as mystical experiences Offering a fresh and unique approach to both dreamwork and self development through sociometric methodologies this book will be of interest to researchers in the fields of psychodrama sociometry group psychotherapy transpersonal experiential and action therapies as well as postgraduate students studying psychology and sociology
