If you are a freelancer hoping to break into the Upwork job market, this book will save you hours of browsing through free blog posts and forums. You might be thinking why pay for this information when with a little diligence I can find this info all over the web. Here's why:

1. This author has managed to build a quite successful, translate lucrative career on Upwork way back when it was still oDesk and Elance. She knows that ins and outs of this platform.
2. She's been on both sides of the equation, hiring people herself and pitching and winning major bids for projects and contracts.
3. There are many things that you only learn after years and years of working through this platform and she's privy to most of this knowledge. Now you can benefit from her experience. I've known people who ask me for advice on how to get started on Upwork. These days instead of giving them a lengthy explanation I just email them a link to this e-book. It has everything they need to know and more.
